("ARE WE LOSING OUR LIBERTY, FROM P. 19) of priestly power in the politics and legislation of our country is one of many serious problems now and in the future. Serious problems are confronting us and the solution depends upon the patriotism of the people. We dare not sleep who have such a trust in our hands. It is possible to go from liberty to despotism, or to anarchy to prevent despotism, but there would be no return to liberty in either case. It is my highest hope that the people of our great land will never allow the tree of liberty to wither and die.

Religious and political liberty have been twin ideals since Christianity began. Our great American system could never have been a possibility but for the New Testament. The Constitution of the United States is Christian in spirit; if not in letter. Are we losing our liberty?

(ROTARY NEWS, CONTINUED FROM PAGE SEVEN) members, Rotarian William J. Lees, Administrator of the Highlands-Cashiers Hospital. His subject was Our Hospital, and was most interesting and enlightening. He recalled that less than three years ago it had a total of 8 beds and a patient load averaging about 5. Today with 28 beds, it has a patient load considerably in excess of the national average and on occasions, it has cared for in excess of 30 patients at a time. It was interesting to learn that after a study of the area made recently by a prominent Firm of Hospital Consultants, their prediction was for a needed capacity of from 50 to 80 beds in the foreseeable future.

President Lasky reminded all committee chairman that their written annual reports should be presented not later than next Tuesday.

"KISS THE OTHER SHEIK"

Early in "Kiss the Other Sheik," Marcello Mastroianni has his wife, Pamela Tiffin, photographed by a professional photographer in the most exotic and sexy poses imaginable. Wearing a minimum of covering, the alluring blonde Miss Tiffin who is in the picture called Pepita, strikes such provocative poses as Pepita in a sombrero-Pepita in a foam bath-Pepita as Song of India-Pepita the tigress-Pepita as Dream of the East.

The film plays Thursday, July 10, at the GALAX THEATRE.

When this remarkable photographic session is concluded, Miss Tiffin murmurs to Mastroianni, "All this just to get a driver's license?"

This will give you an idea of the preposterously funny, tongue-in-check hilarity offered in "Kiss the Other Sheik," new Carlo Ponti production for MGM.

Mastroianni hasn't inveigled his beautiful wife into these poses in order to get her a driver's license. He has done so in order to sell her. She has made too many demands on him - her nature is too ardent to the degree that he has become something of a physical wreck, her extravagances are driving him to bankruptcy. Worst of all, when he comes home from his job, she serves his spaghetti out of a can on a plastic plate! So he is determined to get rid of Pepita and make a fortune on the deal too!
