\$495 NEEDED TO REACH HCT RE-WIRING GOAL OF \$1500

To date \$1005 has been contributed toward the \$1500 expense of re-wiring the Highlands Community Theatre and work is in progress to complete the necessary work so that the theatre will be ready for its July 2 opening.

Fifty-six donors have contributed two-thirds of the total amount needed for the re-wiring job. Jim Painter is at work installing the conduit and outlets. He will operate the new and extremely safe lighting system from his light booth for the first production July 2-5.

Anyone wishing to contribute to the Fund may do so by sending a check to Highlands Community Theatre, Box 896, Highlands. The theatre is a non-profit group.

The re-wiring had to be done before the summer play season could begin. President Earle Young and Director Michael Hall have both expressed their appreciation to the large number of donors who have made the re-wiring possible. The theatre executive board is hopeful that the total goal will be met before the end of summer.
