SCENES OF BEAUTY

Once again our mountain artist is at work. This time he is devoting his time to the creation of hillside scenes of Mountain Laurel and Azalea. His work is more colorful and profuse than it has been in several years past. It is truly a delight to human eyes.

River Lake Subdivision is going "all out" this year in its annual display of azalea. The hillsides are covered with mounds of azalea in shades of red, gold, orange and yellow. A drive around azalea circle is an experience that should not be missed.

Another experience that should not be missed is a drive to Cashiers along U.S. Highway 64. The extremely heavy bloom of mountain laurel has turned the hillsides pink.
