## Are You Guilty?

Tests and quarter examinations have been the main Mouth features of our classrooms for the last few days. One of the most undesirable and disturbing things that can be seen during a test is the sight of the person who takes advantage of his fellow - student by looking on his paper for information.

There is no active honor system at Atlantic Christian. Several of the individual teachers have at various times tried to set up some form of honor system in the classroom, but usually with very poor results. Who is to blame for the lack of some form of honor system? The students are the only ones who have any power to really do anything about it.

(with the aid of our faculty) an organized honor system.

This organized type of system has been tried on many small campuses before and the results usually are reports.

Samaritan's was in his. The "needy traveler" in this case was a Liberal candidate, but an old friend of the Conservative Churchill. It was this human relationship and recognition of something greater than party lines that inspired the master of oration to speak in behalf of the

spired the master of oration to speak in behalf of the un-conservative candidate.

Jesus often identified himself with those who needed a little plain, old-fashioned, everyday, common kindness. We cannot be called His friend and not be friends to the downtrodden and suffering ones around us. He tells us God Himself will pay us for every single act of kindness we give to one another.

Why is it that we can not find very much kindness on our church related campus, a member of the body of Jesus Christ? Let sor every give (lown and out or start off on the wrong foot — what happens? Immediately we pour sait in the open flesh. No matter how hard he tries to get back up, we, the brave, laugh him back down. We should restudy ourselves and see just how brave we really are!!!

How to be friendly? "Do unto others as you would have them do unto you." Cold words freeze people, and hot words scorch them, and bitter words make them bitter and wrathful words make them mad.

Kind words also produce their own image on men's souls; and a beautiful image it is. Kind words smooth, kind words quiet, and kind words confort.

This organized type of system has been tried on many small campuses before and the results usually are reported not to be very good. The other alternative allows the student to decide what he wishes to include in his personal honor system. He is then responsible for his own actions. For either type of system to prosper, the students must feel a need for it and then do their best to uphold it.

Analyze your own actions. When have you been guilty of cheating on a test or exam? Do you intend to cheat your way through life? Don't you agree that one of the most desirable things to add to our list of traits for a good personality is what is included in the term "honor?"

Let's all make our motto for this school year "To achieve honesty, not marks."

Churchill turned out to be not only a good candidate but a good Samaritan. In the recent British election, newspapers repeated an incident as radical in our day as the Samaritan's was in his. The "needy traveler" in this case

Whom do we see? Does he act like a Christian of does he just call himself a Christian? There are many who do not pretend to be or even want to be understood to be non - christian. The fact is that their actions are often times more Christian than those among us who proclaim to be followers of the kindest man who ever lived. I find it very hard to see Christians who accept God's Son and what He gave His life for, repudiate by hutred toward one another. Kindness to one another brings about a oneness of two or more personalities. Loyalty is a factor of life that brings about a oneness of two or more personalities. Loyalty is true triendship. Eight and seven-tenths decades ago, the pioneer workers in this continental area implemented a new group based on an ideology of free boundaries and initial conditions of equality. We are now actively engaged in an overall evaluation of conflicting factors. We are met in an area of maximum activity among the conflicting factors... to assign permanent positions to the units which have been annihilated in the process of attaining a steady state. This procure represents standard practice at the administrative level.

From a more comprehensive viewpoint, we cannot assign, we cannot integrate, we cannot implement this area. The courageous units, in being annihilated, have integrated it to the point where the application of simple arithmetical operations to include our efforts would produce only negligible effects.

It is preferable for this group to be integrated with the incompleted implementation, that we here resolve at a high ethical level that the deceased shall not have been annihilated without furthering the project — that this group shall implement a new source of unhampered activity, and that political supervision composed of the interpretation, that we here resolve at a high ethical glance around the classroom, a stroll across campus, girls. A yellow convertible with New York license plats screeched to a stop in a small Vermont town. "Hey, Bud" called the flashily dressed driver to a native standing at the curb, "which way to Canada?" Deliberately the townsman sauntered over to the car, coolly looked the occupant up and down.

"Tell you what you do," he drawled, "you go find a Vermonter who likes to be called 'Bub' and ask him."

A pastor visited a colored widow, 70 years old and the mother of 10 children, 9 of whem had left her. Her one remaining daughter was about to be married. The minister asked the widow if she wasn't going to be lonesome. She replied: "Yassuh, I'ze brought up a big family and now that I'm about to be left all alone I'm going miss 'em. But pastor, I misses 'em more than I wants 'em.

The car lay on its side. After turning several somersaults, it was a complete wreck. It took the rescuers several hours to extricate the driver. Finally they worked him free of the wreck, and rushed him to the closest doctor. "I'm sorry," said the doctor, "I can't do anything for him. You see, I'm a veterinarian surgeon."

"That's all right," retorted the patient weakly. "I was
