Sorority Initiations Held

By ANNE JENKINS

Highlighting the weekend of January 23, and 24, were the initiations of three of Atlantic Christian College's four sororities. The fourth sorority initiation was held January 29, and 30, completing the sorority initiations.

These initiations involved busy schedules for both sorority sisters and pledges. Informal initiation began early Friday morning of each weekend and continued through Saturday afternoon. The formal aspect of initiation concluded the initiations Saturday evening.

Growth in the sororities is very evident in the reports given. Sorority life has obviously become important to many new girls on the ACC campus. It is hoped that new members may gain from and contribute to individual sororities.

Following is a synopsis of initiation exercises for the various sororities.

Phi Sigma Tau

Phi Sigma Tau's informal initiation began at 6:30 a.m. Friday, January 23, when pledges arrived at the Chapel of Atlantic Christian College dressed in the sorority colors — yellow sweaters and black skirts, wearing no make up. After a short session there, the group adjourned to the dining hall singing the "Zorro" song. The song was a result of the initiation theme—"Zorro and her band of Zeros." had breakfast together.

During the day, the pledges were kept busy doing good deeds for their sisters.

At 5:30 p.m., the sisters and

Tyndall Reports Smoking Abuses

Students are breaking the rules by smoking in unauthorized areas in the Science Building, it was pointed out this week by Dr. J. P. Tyndall, Chairman of the Department of Science and Mathematics.

Smoking is allowed only in the lounge areas, the faculty offices, and the entrance vestibule of the building, it was explained. However, students have been seen smoking in other areas.

Dr. Tyndall said smoking in unauthorized areas of the building is dangerous. "Some of our chemicals are explosive and a fire could be caused by a careless smoker."

Five New Faculty Members Added For Spring Semester

Five new faculty members were added at the start of the spring semester, it was announced by Dr. Millard P. Burt, ACC Dean.

Dr. Burt said one of the new faculty members, Robert C. Frazier, was employed full-time and is now a member of the Department of Science and Mathematics, teaching in the field of mathematics.

The others, Dr. Joseph Warner, Don Hinshaw, James Hemby, and Dr. Malcolm P. Mullin, were employed as adjunct instructors to teach part-time at the college.

Dr. Warner is teaching in the

field of psychology, Mr. Hinshaw is teaching in music, Mr. Hemby is teaching in religion, and Dr. Mullin is teaching in science.

Mr. Frazier joins the faculty of ACC from South Edgecombe High School in Pinetops. He is an ACC graduate.

Dr. Warner has recently moved to Wilson to join the staff of the new mental health clinic. Mr. Hinshaw is Minister of Music at the First Baptist Church. Mr. Hemby an ACC graduate, is doing graduate work at Duke University. Dr. Mullin is a practicing physician in Wilson.

Cheerleaders Get Help

At the regular meeting of the Atlantic Christian College Cooperative Association Executive Board Monday it was decided that the Executive Board will underwrite the expenses for eating incurred by the cheerleaders on their trips to the basketball games away from home.

Mrs. Sharon H. Ginn represented the cheerleaders and presented the plea for the funds. The cheerleaders will travel to the forthcoming ball games with East Carolina College, Guilford College and Elon College.

The action was necessary because the cheerleaders have no budget allotted to finance these trips. The purpose of the trips is to give encouragement to the basketball team as the games away from home.

At the meeting a week ago a letter was read from Western Carolina College concerning the all-conference cheerleading squad that will be chosen from the North State Conference schools. One cheerleader will be selected from each of the schools and the squad will be presented at the conference tournament held in Lexington, N. C.

The question of the appropriate award to be presented to these cheerleaders was discussed. The suggestion of a sweater was deemed impractical and it was decided that Atlantic Christian Col-

lege will recommend that the award be a bracelet or necklace with a silver megaphone on it and possibly a letter.

The method of selection for the Atlantic Christian College representative was discussed and it was decided that the cheerleaders themselves will make the selection, Miss Ann Bullock, will be in charge of the election.

A letter from the United States National Student Association was read concerning the possibility of helping supply a scholarship for an Algerian student. The Executive

Lycoming Choir Sings On Campus

The Lycoming College Choir of Williamsport, Pa., presented two outstanding programs of music on the Atlantic Christian College campus Tuesday.

The touring group of 41 voices, directed by Dr. Gustave Lehman, presented the split program in Howard Chapel so that all the ACC students could attend.

The stop at ACC was made on Lycoming's first southern tour.

The group sang at Williamston before coming on to ACC.

ACC's Assembly, Chapel Plan Is Outlined For New Students

Atlantic Christian College's program for assembly and chapel attendance by students was outlined again this week for the benefit of new students who have just enrolled.

Under the plan students are allowed voluntary assembly attendance on Tuesdays and required chapel attendance on Thursdays.

The schedule is worked out so that on the first and third Tuesdays, freshmen meet with their advisors on a required basis. At the same time upper class students meet with their faculty advisors on the first Tuesday with attendance required, and on the third Tuesday, sophomore, junior and

senior class meetings are held with attendance required.

On the second and fifth Tuesdays, programs are presented in Howard Chapel with voluntary attendance. Occasionally an assembly is held in the college gym and attendance is required.

On the fourth Tuesday of each month students are required to attend a meeting of the Cooperative Association in Howard Chapel or in the gymnasium.

Chapel attendance is required under the new plan but the student body has been split so as to assure students of seats at the Thursday Chapels.

All students whose last names

begin with letters from A through L will attend what is known as "A" chapels. Those whose last names begin with letters M through Z will attend chapels to be designated as "M" chapels. Attendance will be required and the notification of the chapel letter will be posted so that students will know when to attend.

Students who are not able to attend at their designated time, must make up the chapel attendance by going with the other group and must state their reason for missing their scheduled chapel program on their attendance slip.

The chapel programs will be alternated between A and M groups.

34 Students Are Suspended For Academic Deficiencies

Of the 60 Atlantic Christian College students on academic probation during the fall semester, 34 were suspended for failure to remove probation at the conclusion of the term on January 16.

Mrs. Bethany R. Joyner, College Registrar, said the remaining 26 students on probation were able to improve their grades enough to remove probation.

If a student falls more than 12 quality points behind at ACC, he goes on academic probation the following semester. If he fails to make enough progress and is still more than 12 behind at the end of that semester, he is automatically suspended for one semester and then must make application for

re-admission.

Sixty students were suspended for academic reasons at the conclusion of the spring semester last June. Last January, 33 students were suspended.

Students who do not understand the academic probation rule, should check with their advisors. Students who are in trouble should make periodic visits to their advisors for guidance and help.

Mrs. Joyner said the number of suspensions total about the same for each semester of each year. "This means that more of our students are making better grades," Mrs. Joyner said, "since we have increased our enrollment steadily."
