Dean Spells Out Procedures For Social Calendar

By BOB COLLINS
Collegiate Co-Editor

The recent complaints about procedures used in scheduling social events on the college social calendar led Dr. Millard P. Burt, ACC Dean, to explain those procedures and their purposes to the student body this week.

In a prepared statement to the Collegiate, Dr. Burt said, "The social calendar can be of great service to the students in that it coordinates the social events and states clearly what events are scheduled at any given date. I feel that much of the confusion about the calendar will be cleared up if the students understand its workings and purpose."

The statement was precipitated by recent complaints to the Interfraternity Council and the Executive Board of the Cooperative Association.

Final Approval

Dr. Burt explained that as Dean of the college, he has the responsibility of giving final approval to any social event requested. When any organization seeks to schedule a social event, the request for permission to hold the event must go through the Dean's office.

However, it is not necessary for students, and even not proper procedure, to bring the requests directly to the Dean's office.

Following is the procedure to be followed in requesting permission to hold social events:

If the event involves both men and women, the request is to be taken first to the Dean of Women, Miss Sarah Bain Ward.

The Dean of Women will then ascertain whether the event is of the type, and being held in such a place, that meets her approval.

The Dean of Women also must be notified three days before the event who the chaperones are to be.

Request Forwarded

When the Dean of Women approves the request, it is then forwarded to the office of the Director of Student Life, John W. Stair. The student submitting the request does not take it to the Student Life office. It is forwarded by the Dean of Women.

A social event that involves only men, such as a fraternity stag party, is to be requested through the office of the Dean of Men, John H. Rich.

The Dean of Men will forward the request to the Student Life office if he approves it.

Spring Registration Set To Begin On December 1

Registration for students presently enrolled at Atlantic Christian College for the spring semester will begin December 1, it was announced by the ACC Dean this week.

In a memorandum of procedure, Dr. Millard P. Burt, Dean, spelled out the procedures to be used for registration for the spring semester.

In this registration, a priority system will be used. Seniors will have first choice for courses, followed by juniors, sophomores, and then freshmen.

Dr. Burt stated that this procedure will be used since seniors will not have an opportunity to take courses another semester. If all the sections of a course close, a lower classman can take the course at another time.

The registration will start with meetings with advisors to be held for upperclassmen on December 1 and for freshmen on December 3.

At the meeting with the advisor, each student will be given tentative schedule cards and a copy of the spring schedule of courses.

Then the students will schedule individual appointments with the advisors to fill in the final schedule cards.

Before the individual appointments, the student will complete the tentative registration card. In the meeting with the advisor, the student will complete the final registration card.

Then, the advisor will send the card to the Registrar's office after 4 p.m. on that day. Senior cards will be submitted to the registrar December 1, 2, and 3.

Junior registration cards will be sent to the Registrar December 4 and 7. Sophomore cards will be sent in on December 8 and 9 and freshman cards will go in on December 10 and 11.

Between 10 a.m. and 3 p.m. the of the registration cards (the day following the individual meetings with advisors) the student will go to the Registrar's office and pick up class tickets. The student will then fill in his name on the ticket and return them to the Registrar.

During examination week, the student will call for his bill at the business office, pay his bill,

receive class admission cards and thus complete registration.

"The entire process will take no more than 10 minutes after the cards are sent to the Registrar by the advisor," Dr. Burt said. "All the student has to do is write his name on the class ticket, and pick up his bill," the Dean said.

"The administration of the college is fully aware of the problems that arose in fall registration, and we think that we have worked out all the difficulties," Dr. Burt went on to say.

"We are sure that this will be the easiest registration our students have ever been through," Dr. Burt stated.

In outlining exceptions to the procedures, Dr. Burt pointed out that students on academic probation during the fall semester will register on January 27.

The procedure on schedule changes will be somewhat different also. Schedule changes resulting from failure of course will be made on January 27.

Other changes will be made on

Sharp Letter Is Center Of Board's Discussion

A two-hour session concerning student-faculty business revealed Monday evening that, with the close of Dead Week, the Executive Board of the Student Cooperative Association was once again alive to the issues at hand on the campus of Atlantic Christian College.

The student governing body turned its immediate attention to a letter addressed to the Executive Board by Allan R. Sharp, Chairman of the Department of Religion and Philosophy.

The letter expressed Mr. Sharp's personal opinion of the action taken by the Cooperative Association in inviting the faculty as guests to the recent Tommy Dorsey Dance. Clearly revealing the faculty member's personal resentment, it stated, "In the first place the entire issue is a violation of the constitution of the Student Cooperative Association, inasmuch as the faculty and the student body are both participating members of this organization. The faculty can-

not be guests of themselves, for they are equal members of the Student Cooperative Association."

The board indicated an understanding of Mr. Sharp's justification for not paying an activities fee to attend campus activities, "Let it be stated that if this position refers to the \$31.00 activity fee which the students pay and the faculty do not, it should be noted that the faculty stay here many years serving as sponsors of organizations and advisors, which are services beyond the call of duty."

The opinion of the department chairman was considered valid by Robert Dunn, President of the Executive Board of the Cooperative Association. Dunn expressed his appreciation for its having been written.

Introducing another item of business, Miss Sally Scudder, Head Cheerleader of the cheerleading team of Atlantic Christian and
