Fall Rush for the 1962-63 school year will begin Monday, Oct. 22, and will last through Thursday, Oct. 25. There will be an alphabetical break-down of all the rushees into four groups. Each group will be scheduled to visit a specific sorority or fraternity on each day of rush. Sorority visitation is scheduled

from 3 - 5 o'clock Monday through Thursday afternoon for those women interested in rushing this semester. Fraternity visitation will be in the evenings from 7 - 9 o'clock for those men interested in rushing. Rushees must place their name on all four registers of the sororities or fraternities in order to be eligible to

receive a bid from any particular Greek brotherhood or sisterhood.

In the event that any prospective pledge is approached by any sorority or fraternity member that would in any way influence their decision as to which Greek organization to pledge during that period determined as quiet period, it is the duty of that rushee to report it to the Inter-Fraternity Council. Quiet period will be from 9 p.m. Oct. 25 until 12 noon, Oct. 29. All questions relating to any phase of Rush Week should be directed to one of the I.F.C. representatives. Each representative will be wearing badges throughout the week. All rushees are urged to make their own decision as to which Greek organization they pledge. This is a highly personal decision and should be treated as such.

Foreign Aid Introduced At Exec Board Meeting

By MORTY LEETE

The Executive Board, during its weekly meeting Monday night, passed an amendment to the Constitution and considered policy concerning the sending of financial aid to foreign educational organizations.

An amendment to the Constitution of the Cooperative Association was introduced by Oden Latham, spokesman for the Elections Committee of the Executive Board. The Amendment, pertaining to Article V, Section 2 of the Constitution would transfer the duty of nominating all Executive Board officers from the Executive Board itself directly to the student body. Nominations for these offices would be made at class meetings when nominations for class officers are made. Candidates could still be nominated by proper petition as before. Mr. Latham stated that by having each class nominate officers of the Student Cooperative As-

sociation, the students would be brought closer to politics on campus. The amendment was approved by the Executive Board and must now be brought before the Board of Trustees.

Two letters from foreign educational organizations requesting financial aid prompted discussion on future policy concerning financial aid for such groups to be withdrawn from student funds. One was received from the only private college in southern Africa and requested a donation to prevent the closing of its doors due to a lack of money. The other was a plea for assistance from the Iranian National Student Union
