"Rumble in the Bronx" is an action-packed Kung Fu movie starring and co-produced by Jackie Chan, a Hong Kong native.

enly gets on the bad side of a motor cycle gang by keeping them from wrecking his uncle's car.

Movie Review

While running away from them, Chan witnesses a mob shoot out which involves diamonds and one of the members of the motorcycle

gang. Throughout the movie, Chan shows off his incredible Kung Fu abilities throughout the movie.

"Rumble" is the first Kung-Fu style action movie to ever open at No. 1 in America says "Entertainment Weekly" the March 8 issue. If you are into Kung Fu then you should definitely go see "Rumble In The Bronx." The movie grossed \$9.9 million during its first week run.

Fugee's latest release is a masterpiece of hip-hop

Ooh-la-la-la, are the words that I sing when I'm bobbing my head. I usually go out and buy the CD's that I review but not this time. I bought the first Fugees album, "The Tranzlator Crew," and it is so bad that I vowed to never buy another one of their albums.

I am, however, considering eating those words.

Nothing you hear the Fugees do can be attributed to some other rap group that has come before them.

They are taking rap music back to what it was meant to be: a CREATIVE way.

The new album "The Score" is in the process of sky rocketing the Fugees to a level of quality hip-hop that has been untouched

Music Review

for years. Not since Kid-N-Play's debut in the late 80's has there been a group that gets everyone on the floor without once mentioning guns, drugs, or those popular words used to describe females and their anatomy.

The Fugees, who have popped on the scene at a time when guns rule, have still managed to find their place not only on rap charts,

but R&B charts as well. The song most likely to win a Grammy is "Killing Me Softly." Lauryn a.k.a. "The Lady L" knocked Roberta Flack, Al B. Sure, and Luther Vandross off the face of the earth with this one.

This song made me wonder how girlfriend would do as a solo artist. She is after all carrying those two dudes (sorry Pras and Wycleff but you guys need to stick to producing) on her back.

The overall album is BANG-ING. I didn't think they would make it this far but I'm glad they did. They've reminded us that rap music can be fun without being insulting.
