

T. C. U. CLUB HEARS TALK

Rev. Stephen Morrisett, Pastor of First Baptist Church Here, Is Guest Speaker

On Monday evening, July 22, the T. C. U. club members enjoyed a very interesting talk by Rev. Stephen Morrisett, pastor of the First Baptist church of Elkin. The speaker described and illustrated one by one the instruments which compose a symphony orchestra. The illustrations were given by use of recordings of each instrument.

Rev. Morrisett, who has just recently assumed the duties of pastor at the Baptist church, was introduced to the club by Lawyer E. C. James. He was welcomed to this community by Russell Burcham, president of the club.

Another interesting but unique program was enjoyed by the club members on Monday evening, July 29. The program was of a "Take It or Leave It" nature. The contestants chosen from among the club members were asked a group of questions. With each question answered a prize was given. The contestant could either take or leave the prize, but if he left it and answered the next question the prize was doubled, etc.

During the business session it was announced that the club will in the near future sponsor a public dance, the proceeds of which will go to the welfare fund of the club.

MAKES TRIP ON S. S. AMERICA

Mr. Chatham was one of the three men from North Carolina who were privileged to make the first voyage of the S. S. America which sailed from Norfolk, Va., August 27, to New York and back.

Mr. Chatham reports that the ship is beautiful and best of all is equipped with Chatham blankets.

BASEBALL SCHEDULE FOR THE COMING WEEK

- August 4: Hillsville at Hillsville.
- August 9: Landis at Elkin.
- August 10: Hanes Knitters at Elkin.
- August 11: Hillsville at Elkin.

Roy Boles, the star pitcher of the Blanketeer baseball team has joined a Burlington, N. C., baseball club. We hated to see him go, but wish for him much success.

Parking Problem Is Solved; Mill Fenced

With the checks Friday went a little notice to each employee which gave a list of new parking rules. This has come about with the completion of the fence which encloses the entire plant. For many years the parking situation has been hard to combat. There have been so many automobiles and no place to park. New parking lots have been completed in front of the Woolen department and the Finishing department. Employees will please comply with the rules handed to them.

Each person will have to be mindful of the other fellow. Remember the person behind you

might be in just as big a hurry as yourself.

Employees are requested to park in the lots designated to them, and to park as near the curbs as possible. Also to observe the one-way drives that have been constructed in front of the Woolen department.

All cars, with the exception of officials, office employees and visitors, will use the parking lots outside the fence.

Let's suggest a few don'ts for the use of everyone.

Don't double park; the road is not wide enough for this.

TESTS ARE GIVEN MILL EMPLOYEES

County Health Department Nurse Tests for Tuberculosis; To Return August 6

Mrs. Lettie J. Simpson, R. N., of the Surry County Health Department, was in our First Aid Room all day Tuesday giving the tubercular test to all who desired to take advantage of this opportunity. She will be here again Tuesday, August 6th, from nine to five o'clock for the benefit of those who did not take the test the past Tuesday. Everyone should take advantage of this opportunity.

Mr. Chatham has graciously given \$500 to the county health department toward the purchasing of an X-ray machine to aid in the county work of combatting this disease.

This is the first time the county nurse has come to us, and we should take advantage of the opportunity to have this test made.

The county health department is open each Thursday in the City Hall. Dr. R. B. C. Franklin and Mrs. Simpson are in charge.

X-rays will be made the week of August 19th at the county health office in Elkin.

FOODS FOR GOOD NUTRITION LISTED

Milk—At least a pint; preferably a quart.

Cereal, Bread, or Potato — At every meal.

Vegetables, other than potatoes—At least two daily. One raw or quickly cooked; leafy kinds often.

Fruit—Once or twice a day. A citrus or other raw fruit or tomatoes daily.

Egg or meat—The older child may have both.

Sweets—In small amounts at end of meal.

OUR PART

Not once in life, perchance, 'tis ours

To reach a long-sought goal; But we may pause beside the road To help another soul.

Not once to us may come the call To play the hero's part; But we, perchance, may find some word

Of courage to some heart.

—Unknown

Be patient with children and old people, and, if possible, with everybody else.
