

# News And Gossip From Our Various Departments

## Machine Room News

By JOHN GOOLSBY

First on our list will be the story of that old bird that delivers all these little bundles from heaven. He has been flying around now for nearly a month, but finally found a place to land and deliver that precious bundle of cargo at the home of Charles Peevy, who works on No. 6 paper machine. He left an eight pound boy by the name of Charles Donald. Mother and son are O. K., the father still in a daze.

Luther King claims that Spurgeon Queen, back-tender on No. 8 paper machine, has one of the finest 'coon dogs in this part of the country! Spurgeon took Luther and Oscar Barrett out with him one night and caught six 'coons, three 'possums and ran a bear until day light. So the next day he came to work on grave-yard and during the night the dog left home. The only trace they could find of him was from a logger who said he had seen such a dog, that night, with a lantern around his neck and a hatchet in his mouth, heading toward Horse Pasture with a broken heart.

Clarence "Chief" White said he had a telephone installed and any time would be glad to hear from any of the boys.

The Bob Pierce and Charles Peevy combination on the No. 6 paper machine was sad this past week of grave-yard as Peevy was on his vacation and Bob did not have his guiding influence. Olin Edney, who was pinch-hitting for Charles tells me that many times he saw Bob wiping those silent tears from his eyes—(that flowed at times like rain drops).

Bill Fetzer claims if football season will last a few more weeks he will really have a bank roll by Christmas.

That great bear hunter, Wesley Ballard came in the plant a few days ago with a large bear foot and the boys crowded around him to hear the story of it. According to Estus "Red" Thomas, this is it—he killed it that day and cut the foot off and brought it in to prove to his buddies that he killed it. Upon examining the foot at close range you could detect a foul odor coming from it. Right away Tom Stroup performed an autopsy. Results or findings after investigation—bear dead three weeks—price of foot two dollars and a half.

So long.

solve his meat and lard problems. Maybe he will invite us down to supper some evening.

Donald Scruggs is planning a big hunting trip for next week, way down in Georgia.

Ed Vassey was out sick last week. We are still undecided as to whether his car trade or his new rifle caused it.

Male Shopper: "I'd like to see some nice nightgowns, please."

Clerk: "For your wife, sir? Or do you wish something better?"

"So the doctor said you wouldn't live a week if you didn't stop chasing women. Did he really mean it?"

"I'll say he did—I was chasing his wife."

## Office Bits

By TED REECE

Well Well! another month has rolled by and still "Ole man winter" hasn't shown his hand. What's he waiting on good people? I ask you, what? Ma Perkins says he'll really give us a chance to get back to the old habit of staying home nights; I take it, she thinks we'll be snowed under. Well, I'd be afraid to say one way or another. I haven't lived long enough to read the signs and Ma Perkins keeps her almanac out of my reach. But I've talked about the weather enough. I had better give you some of what the head of this column says its' supposed to be—Office Bits.

As the football season starts the last heat of the race, we wonder what teams will end up in the Rose Bowl. Probably very few of us will be able to attend that particular game, but we have been represented at many of the big games this year. Some of the Office employees seem to enjoy the trips there and back about as well as they enjoyed the games. For instance, the Monday following the Carolina-Wake Forest game—Fay Garren was heard to mumble, "Chigger? Did you enjoy the trip that well?"

Taking vacations this month are Spud Carpenter, Felicia Edwards, Jean Whitmire, Jim Hammond, Larry Bryant and Tom Smith. We understand Spud and his wife had a swell time visiting old friends in New York. Jean Whitmire also reports having a swell time in New York. (Seems as if everyone goes to New York except me).

Sylvene Gailey is now working in the Recreational department, having been transferred from the Personnel department. She thinks both departments are swell.

Welcome to you, Marguerite Thompson.

Congratulations go from the Office to Arthur Loeb, who is the proud father of a new baby girl.

Well, I suppose I had better close my "trap" for this month so until next month, I am  
Your servant,  
Snoopy.

## Canteen-Cafeteria Chatter

We have really had a beautiful fall but we guess Ole Man Winter is just around the corner. We'll be dragging out our snow sleighs to go for a ride soon.

We are happy to hear Eibel Stover is recovering nicely and will soon be back to work.

Mrs. Cox flew from Augusta due to the illness of her daughter, Lucille. We wish we could have seen you. Glad to report that Mrs. Cox's daughter is better and that her husband is very much improved.

Mr. Dills had his vacation and reported a nice time. Taylor is taking his vacation this week.

Elaine's family visited the plant last Friday and enjoyed their visit very much.

Bessie and Blake went shopping in Greenville Saturday and believe it or not they didn't even have a puncture. No, they didn't buy out Greenville.

We are sorry Loy's little brother has been so sick. Here's hoping for a speedy recovery.

Helen is spending a lot of time at Lake Toxaway. What's up Helen?
