
MEET THE WIFE

This month our "Meet the Wife" feature travels to Rosman to introduce Echo readers to Mrs. Dee Wilson, wife of Dee Wilson who is in Finishing Department Maintenance. Many Ecustans already know Mrs. Wilson for she was employed in the Inspection Department during the war years (September 28, 1942 until November 10, 1943). Before her marriage to Dee she was Christine Galloway.

Pride and joy of the Wilson home is Jimmy, a three-year-old youngster who is a real boy. Mrs. Wilson's talent as a seamstress is reflected in the cute and original clothes she makes for Jimmy and herself. Dee numbers himself among the more than 1,000 Five Year Service Club members, having been with us since September 11, 1941.
