

UNUSUAL RECORDS

Many honors are heaped on graduates about this time every year, but it's doubtful if the records of Bollin Millner, and Norma and Eugene King, Jr., will be surpassed.

Perfect attendance marks for every year of their school career is the unusual record of Norma, left above, and Eugene, Jr., left below, children of Mr. and Mrs. Eugene King (Applied Research). Norma is the youngest graduate in the Hendersonville class this year. She entered the first grade at 5 and since older brother Eugene was $6\frac{1}{2}$ at the time, the two were able to stay together all the years.

Bollin, son of Mr. and Mrs. P. R. Miller (Main Office) is graduating at Duke with membership in Phi Beta Kappa and ODK, two of the highest honors any graduate can receive. He finished a regular 4 year course in $2\frac{1}{2}$ years.
