By Kenneth McDaris

The personnel of Inspection-Control provide excellent examples of thrift. Of the approximate 153 employed in this department, 52 have bought, built or started to build new homes in the past year. See pictures on page 27. There will be more pictures in later editions. Of course, many others owned their own homes prior to this building boom.

Paul Ledbetter sold his home in Hendersonville and bought another near Mountain Home. Mrs. Ledbetter's brothers, Glenn and Ralph Wilson of Los Angeles, Calif., spent their vacation with her. Paul brought them through the plant. They were very much impressed with the size and cleanliness of our plant.

Ernest Cagle sold his home in Brevard and moved to Pisgah Forest. He recently purchased a Chevrolet truck.

Earl Garren is building a home near Cherryfield.

When Juanita and D. L. Thorne moved into their new home they found it occupied by yellow jackets. After they got in D. L.'s hair, he fed them DDT. They didn't like their diet so left. On their days off the Thornes visited two of D. L.'s Navy buddies in Louisville, Ky. One of them was with D. L. on six invasions.

Oscar Lothery and family spent their vacation in Charlotte.

Mr. and Mrs. Melvin McCormick visited friends in Elkins and Charleston, West Virginia on their five days off.

Ralph and Joyce Sentell tried out the new road to the top of Mt. Mitchell. The road was fine and the scenery more than worth the trip. Ralph is the owner of a new bicycle. We are looking forward to see him ride to work, wearing some "new look" pedal pushers.

Craig Snipes caught a 16-inch rainbow in the French Broad River.

Myrtle Pruitt has been transferred to D Shift as sample girl.

Robert Quinn has enlisted in the Army.

Mrs. Jack Sigmon and small daughter, Susie, visited Mrs. Sigmon's parents in Philadelphia recently.

Fred Bishop took the Echo's suggestion for a vacation. He visited Mt. Mitchell, highest point east of the Rockies then drove to Fire Island, New York, the lowest point. While in Fire Island he fished. He drove 1990 miles using 100 gallons of gas. While in New York he visited the Empire State Building.

Shirley Ann and Patricia Jane, small daughters of Frank Fowler, are ill with chicken pox.

Billy, 14 year old son of Lewis Redmond wrote a composition on the manufacture of cigarette

## AUTOBOUND NEWS

By Sara Loftis and Eula Landreth

Everyone had a good time at the Fourth of July picnic. We also want to thank the company, at this time, for our job dividend checks.

During this hot weather we have a number of girls out on vacation.

Ellen Farmer and Laura Pharr had their vacations from June 28 to July 4. They both stayed home and came back to work with lovely tans.

Lucille Dockens spent a week in St. Louis and while there attended an All Star game.

Charlotte Barnwell spent several days visiting friends in Spartanburg, S. C.

Violet Wilber is visiting her parents in West Virginia.

Florence Gillespie is spending her vacation at the beach.

Tulen Israel is looking ahead for this winter by staying home canning beans and peaches.

Silver Mann is spending most of her time at haome, but expects to visit her sister in Spartanburg for several days.

Lillian King is planning to accompany her husband to New York City to attend the Lions Club Convention the last of July.

Helen Orr is spending her vacation at her home in Penrose. She and her husband have been repairing their house.

John Smith and L. C. Wilson both spent their vacations at home. L. C. dug his basement.

Among our sick this month are: Dixie Whitaker, Johnnie Dermid, and Alma Holtzclaw. Hope to have them back with us soon.

We miss Louise Dishman who decided to devote all her time to keeping house.
