Plain ordinary rubber is the ingredient in bubble gum that makes it balloon. Most bubble gum contains 22 per cent lastex rubber or rubber synthetic.

Dear "ECHO" Readers:

All of us are interested in the happenings which appear on these pages. Once in awhile, we, on the ECHO staff, fail to hear the peal of wedding bells when some one of you says "I Do", or the good news of a visit from "Mr. Stork" to one of your homes.

So how's about notifying the ECHO office (Phone 368) or the Personnel Department and let us in on the glad tidings of your big day.

Your Echo Staff.
