

LOOKIN' THROUGH THE MILL WITH OUR DEPARTMENTS

POWER DEPARTMENT NEWS

By Howell Medford

Since we last visited The Echo, vacations have been numerous. Everyone had wonderful trips, plenty of fishing and fine picnicing.

Sherman Hunter and family spent their vacation in Chicago, visiting Mrs. Hunter's parents. Obie Willingham had very good luck fishing in South Carolina. Lemuel Daniels spent a lonely week just loafing.

Coy Compton's daughter, Frances, was recently married in California. The young couple will make their home in that State.

"Pete" Norwood had a vacation, but he would not tell us where he was going, however, he assured us that he had a good time.

Our sincere wishes for a speedy recovery for Mrs. Paul Baker's father. He was very ill, and Paul, Mrs. Baker, and Pete Norwood have visited him several times recently at his home in South Carolina.

Horace Hall and his wife enjoyed a week of fishing, resting and riding around in their new Ford. They also visited relatives of Mrs. Hall.

Jim Cornell visited a brother in Tennessee, and had some fair luck with his rod and reel. From the sun tan on Leland George, he must have ridden his motorcycle all the time during his vacation.

The Ecusta Quartet missed Crockett Matthews when he took his vacation. Crockett was like Pete Norwood, he wouldn't tell anyone where he went.

We understand from reliable sources that Clarence Allison spent part of his vacation in the vicinity of Raleigh.

FIVE YEAR CLUB

This month we welcome four new members, who became eligible in July, into the Five Year Club. Their names and departments are as follows:

MAINTENANCE GREASE SPOTS

By Bruce Cassell

Horace DeBord and family had a very nice time on their trip to Canada and down through the Southwest.

Henry Overstreet is in the Transylvania Community Hospital with rheumatic fever, but is reported to be getting along fine.

Those who haven't had their vacations yet are waiting until hunting season. Sorry to hear about Bruce Reynolds losing his rabbit dog.

Mr. Bagwell has moved his desk to the foot of the stairs. Worth Wells has sold his home and is getting ready to build another one.
