

CORRESPONDENCE COURSES

The interest in correspondence courses is still high at Eusta. Each week more and more employees are coming to the Personnel Department to sign up for courses pertaining to their work or courses that will better prepare them for the future. Many of those taking correspondence courses are veterans who are getting their lessons free under the G. I. Bill of Rights. Veterans who are interested should plan immediately to contact the

Personnel Department as this benefit under the bill expires in 1951. Anyone who decides to discontinue the course for any reason should notify the school from which the lessons are being taken. By doing this the student can take up the course at a future date.

Employees taking correspondence courses, their department and the name of the course are as follow:

NAME	DEPARTMENT	COURSE
