

# CONSTRUCTION OF CELLOPHANE PLANT BEGINS

We are very happy to see that the E. I. du Pont de Nemours and Company, Inc. of Wilmington, Delaware has started construction on the cellophane plant here at Ecusta.

The new plant will run parallel with the present

warehouses shown in the above photograph, and will be between the warehouses and Vanderbilt Road. An elevation view of the proposed plant is shown at the bottom of these two pages. It will be approximately 600 feet long and 300 feet
