

## SPECIAL INSURANCE CHECKS TO BEGIN IN APRIL

The Veterans Administration in a recent announcement has stated that the Special Insurance Dividend checks will start flowing to GI Policy holders after April 1st. These dividends will be based on a period of three years—1948 to 1951.

Policy holders whose anniversary date is in January will receive these checks first, and others will come in order in approximately two months from anniversary date.

The VA urges that no veteran write in regards to above statement. Such writing will only tend to slow up payment.

## GI TRAINING PROGRAM TO BE HALTED

World War II Veterans are advised to start action on their GI Educational Training before July 25, 1951. After this date all rights for such training will be a thing of the past.

In case there are Ecusta employees remaining in the above category, the Personnel Department will be glad to get you in touch with the local representative of the International Correspondence School.

The above date will have no bearing on those who are now in the midst of some type of educational training.

## CHANGING TIMES

Gather your kisses while you may  
For time brings only sorrow;  
The girls who are so free today  
Are chaperones tomorrow.

## SOME SIMILARITY

The father had become disgruntled after his teen aged daughter had played a boogie woogie record for the eleventh time. "Did you ever hear anything so wonderful in your life?" she asked her father. "I mean it's really out of this world."

"No," replied the father truthfully, "I can't say that I have although I once heard something like it when a truck loaded with empty milk cans collided with a freight car filled with live ducks."
