### CARDINALS LEAD INTERDEPARTMENTAL BASEBALL LEAGUE

The Cardinals baseball team of the Interdepartmental league finished the season with a record of eight wins and four losses, by defeating the Tigers by a score of 6 to 4 in their final game on Monday, August 20th.

The Yankees have a record of six wins and four losses with two games to play. Should the Yankees win both games, they will tie the Cardinals for the league pennant which would necessitate a playoff for the Championship. However, should the Yanks lose either contest, the Cardinals will become the league's Champions for 1951.

The Tigers finished the season with a record of four wins against eight losses. The Indians' record will depend on the outcome of the two games with the Yanks, at this writing the Indians have a five win, five loss record.

A post-season playoff of the league's four teams will be held after the remaining scheduled games are played. Teams will be notified of the playoff schedule when the information is available.
