

There is no doubt but that *the goblins* will get you if you don't watch out, and especially when it comes to the taking of unnecessary chances. The pictures on these pages were posed recently, in an effort to bring out unsafe conditions and practices that could easily contribute to a serious injury. Never let it be said that an employee of Ecusta Paper Division or Olin Cellophane Division helped create *GOBLINS* by such unsafe acts.

*The stacking of cartons should always be done with CARE, and NOT as shown above. In fact, any material that is not stacked properly can create a hazard and contribute to serious injuries.*

*Climbing onto platforms is truly an unsafe practice, and back strains have resulted from this procedure. Using the provided ramps and steps is always advisable and a great deal safer.*
