Stanfords great All-American tackle, Bob Reynolds, set a record that will never be beaten—and probably never tied—He played 180 minutes in Rose Bowl Games—1934, 1935, 1936.

STARS OF THE MONTH

We have two stars for the month of January with Bruce Reynolds of the Maintenance team taking the honors for the highest individual set score and Conward McClure of the Finishing team, the high individual game honors. On Friday night January 18th, Bruce came within five pins of the leagues highest set score of 589 pins held by Ray Rigdon as he turned in a set score of 584 pins, to turn in the second high set score of the season thus far.

Conward McClure turned in his highest individual game score of 225 pins, for the month, on Friday night, January 18th, as his Finishing team turned in a 3 to 0 victory over the Transportation team. Thus L. C. Poor maintains the high individual game score of 246 pins.

DO YOU KNOW?

That alligators are not to be feared? Professor Percy A. Morris, of the Peabody Museum of Natural History at Yale University, says that a person may go swimming in streams inhabited by alligators with perfect safety. There is no authentic record of a wild alligator attacking a man.

That a landlord can enter a house without the tenant's permission? Although some tenants may feel that a man's home is his castle, courts have upheld the right of landlords to enter their property for the purpose of collecting rent, or to preserve that property.
