Left: Mrs. Alfred Galloway is shown with the salad set she won by being the first to get all the numbers filled "round the board." Her husband is employed in the Electrochemical Plant.

Lower left: Concentration plus. Left to right: Mrs. Bert Alexander, Pete Eberle (Main Office), Mrs. Eberle, Mrs. Fritz Haehnel and Mrs. Eric Neumann. Pete could have been asleep.

Below: How Medford Cooper (Maintenance) got in on this picture we'll never know. The prize was three pair of nylon hose. He tied with two ladies, and they drew numbers for the hose and for consolation prizes—Medford won.
