

Above: (left to right) Gerald Owen (Main Office), Marie Landreth (Paper Finishing) and Ellis Parker (Chemical Building) try a ride on the swings.

EVERYBODY LOVES THE RIDES

When "the rides" come to town, young and old alike gather for an evening of fun. Much in evidence were Ecustans and their families.

Looking every bit the part of the experienced horseback rider is Bobbie Jean, daughter of Mr. & Mrs. Melvin Atkinson. Melvin is employed in Paper Inspection.

Right: Enjoying a plane ride are the children of Carl Bryson and Julian Lowery. Carl is employed in the Pulp Mill and Julian is in Cellophane Maintenance.
