ON THE COVER

Rufus Guffee, the first employee to retire under our retirement plan, is shown watching a baseball game at Camp Harry H. Straus. Mr. Guffee never misses a game on the plant or the camp diamond. He would still travel with the team, but it causes him to have to do his chores after dark.

Below: Gilbert "Cad" Whitmire of the Protection Department is shown checking the temperature at Gate 1. Cad said this was the hottest summer, that he can remember, in Western North Carolina.
