

DEPARTMENTAL NEWS

CELLOPHANE DIVISION

SHEETING AND SHIPPING

By Callie Talley

The time of year has come when maybe we can put our minds to thinking of something besides the heat, putting in the winter's fuel, kids going back to school and the fellows talking of squirrel hunting.

Welcome to our department Charles Ledbetter and Joe Sigmon. Joe is our new service operator and Charles is operating the baler. We've also had James Bumgarner borrowed from slitting quite a while.

If anyone has any waxing to do they should see Ray Keener and Eugene Glenn for their method. Their film table would be the envy of any housewife.

Our hat is off to the Trailways bus driver who took us to see "Unto These Hills". We were riding along thoroughly enjoying ourselves until we became stuck on a fill near Waynesville, but thanks to the skill of the driver we arrived safely and in time for the beginning of the drama. Let me say here to those who've not seen the drama that it is well worth anyone's time and money to see it. It's most amazing—the lighting, costumes, and changing of scenery (all done in the dark).

James and Glenn say they use more chipboards at the cutter since Ray began figuring to buy a house.

Waddell said the reason for his new style haircut was that he was planning to spend a while in Atlanta.

We know from Cecil's actions that he enjoys operating the drums. When he operates the reject slit-roll drum, you very often see him clapping his hands. To show off his new gloves I suppose. When he's on the big drum he sounds like a canary all day.

We wonder why Lewis Meece didn't mention having a new Chevy? And when we found out and said something about it—he said "Why, it's over a month old"?

It's good to see Agnes back after her stay in the hospital. At present Lorena is in the hospital. Hurry back Lorena. "Becky" has been on the sick list too.

James McCall is back from two weeks reserve training—and are Cecil and Waddell glad?

Thanks to Willoree and Grady Carland for the nice candy and cigars. They have a little girl, Lin-

da Gale, born August 1. Linda weighed 5 lbs. 14 oz. Willoree is a former member of "our gang".

Giles Moore reports a nice trip through the Smokies with his family.

There must be a Buick Clinic in Hendersonville on Saturdays as Ralph, Ulyes, Ellis and Joe were all seen at Thomas Buick one Saturday recently.

J. L. Edwards was on the absentee list recently when his father was ill in the hospital. J. L. is back and reports his father much improved.

James has snapped the bolts in the drum again. Seems to me that maintenance should make up a supply to keep in stock.

Another new man has joined our gang—Eugene Watson. He's operating the baler on the evening shift.

"A" SHIFT FINISHING

By Hayne C. Arthur, Jr.

Well, we are off to the races again with the news.

First, congratulations to Mr. and Mrs. Edwin H. Mann on the birth of their daughter Anita Darleen. She was born on July 27th and weighed 9½ pounds.

We hope that Van O'Kelley's wife is well and back on the job after a stay in the hospital.

There have been some changes made on the team. Bill Stroup is checking charts again, Fredrick Warren is the new service operator, Robert Hughey is spotter and James Addcock and James Bumgardner are in Wrap and Pack.

Bill Stroup has two Airdale pups that seem destined to make bear dogs, that is if they live to be grown dogs. To hear Bill tell it they are already fighting to kill.

Hoot Allison is training his Beagle pups to run rabbits. Hoot really likes rabbit and is going to be sure he has a means of getting it.

I don't know what Bill Stroup has on J. B. Holden, but I heard J. B. calling him Mister Stroup one morning not so long ago.

Charles Aiken is sealing his house on the inside. He wants to show it to all his friends. Good luck, Charles.

That is all for now. See you next month.

Valetray For The Man Of The House—Newest accessory for his closet, it attaches to inside of the closet door, has separate molded compartments and racks intended to hold personal possessions when a man empties his pockets.
