**"STRIKE ANYWHERE" MATCHES
BANNED IN PAPER DIVISION**

In an effort to eliminate the possibility of our experiencing an unnecessary fire as a result of loose matches on the floor, the type of stick matches often referred to as *strike-anywhere*, *parlor* or *kitchen* matches were banned in the Paper Division effective Monday, September 15, 1952.

The use of *safety matches alone* is not in-

tended to work a hardship on any individual or group of employees, but is an added effort to greater insure everyone's job through the prevention of a disastrous fire.

The full cooperation of every individual on the payroll of the Paper Division is urgently requested in this effort to protect YOU and YOUR JOB.
