

## "B" SHIFT COATING

By  
Henry Bell  
and  
Jim Silver

Jim Silver is on vacation right now so maybe he will have something when he returns. He got a traffic ticket for having improper equipment on the highway, so watch out if you have a flat tire. Don't try running to a station on it. They tell me the new Patrolman is really making himself known around here. Just ask Jim about this. (He knows.)

D. S. Winchester has an "A Model" that he is fixing from the ground up—including the emergency brake. He said that when they started the inspection back again, all he would have to do would be to pull up to a checking station and say, "Here it is boys", and not have to worry about anything.

Well folks, the bloodmobile was around again. Let's hope everybody rolled up their sleeves and gave a pint. We never miss it and it might save someone's life. Too, let's all try to make this the perfect month with no accidents. We can do it if everyone will make a special effort. So let's try, what say?

Lee McCrary is building a new home in the Flat Rock section. We know you will really enjoy it when you get moved, so here's hoping it won't be long, Lee.

Preston McCrary is taking his turn at keeping the garage men busy. He took his car to one place and they just wanted \$112.00 to fix it, so he traveled to Asheville and got it done for \$35.00. Wish I could do that well, Preston, but we can't all be lucky.

I just got back from vacation and the only day that went wrong was the day it was over. But life can't all be a vacation. So I'll settle down to work for another year.

It seems everyone else, except Jim Dalton and Henry Bell, just stayed home and took it easy on their long layover.

Jim Dalton said he was a regular farmer over the week end. Getting ready for Spring planting eh, Jim? Good luck on it, Boy.

Henry Bell is in the market for a good used car so if you have a good one see Henry. Then maybe Mrs. Bell will see more of him. It seems he spent most of his time over on Coxe Avenue in Asheville looking for a bargain. You may be on the wrong street for bargains, Henry. Try a change of streets and see if that works okay.

## "C" SHIFT COATING

By  
John Baldwin  
and  
John D. Smith

With the election over, Christmas and New Year come and gone, most of the Income Tax returns filed, there just isn't much to write about, however, we ran across a poem which we think is very good and hope you will like it.

### "AROUND THE CORNER"

Around the corner I have a friend,  
In this great city that has no end,  
Yet days go by, and weeks rush on,  
And before I know it, a year is gone,  
And I never saw my old friend's face,  
For life is swift and a terrible race.  
He knows I like him just as well,  
As in the days when I rang his bell,  
And he rang mine. We were younger then,  
And now we are busy, tired men—  
Tired with playing a foolish game,  
Tired with trying to make a name.  
"Tomorrow", I say, "I will call on Jim,"  
Just to show that I'm thinking of him.  
But tomorrow comes—and tomorrow goes  
And the distance between us grows and grows.  
Around the corner yet miles away.

"Here's a telegram, Sir",

Jim passed on today.

And that's what we get—and deserve in the end,  
Around the corner, a vanished friend.

—Copied

It is much better to say a good thing about a bad fellow than to say a bad thing about a good fellow.

### TAKE TIME

Take time to live, it is one secret for success.

Take time to think, it is the source of power.

Take time to play, it is the secret of youth.

Take time to read, it is the foundation of all knowledge.

Take time for friendship, it is the source of happiness.

Take time to laugh, it helps lift life's load.

Take time to dream, it hitches the soul to the stars.

But, above all, take time to be safe—for without safety we cannot take time for any of the rest.

What is needed is a continual drive to educate the driving public.
