

MAINTENANCE

By R. L. Parker

Well, here it is—the month of famous men. Wonder if that is the reason we have so many new Papas in our department this month. At any rate, we found John Cassell, Jr., B. J. Hooper, Remus Roper and George Souther passing out cigars this past month. If anyone missed out on their cigar, I believe it would be proper to ask for one yet.

We sure hope the flu has played out by now. But, in case someone might still have the flu, or, in case some one might be taken down with it, they might ask D. L. Thorne for his remedy. We hear that D. L. has a sure cure. In fact, you could almost say that it is a "cure or kill" remedy. But, before trying his remedy, you might find out the effects of it first.

Rumor has it that Furman Bennison has been looking a little sickly of late. Wonder if he might have a slight case of flu? If so, he might be able to use Thorne's remedy.

That's all the news for now, see you next month.

Three boys on our shift took their vacations during January: Horace Blythe, Bob Stewart and John Watson. We hope all you fellows had a nice time.
