Above: The 39c Paas Easter Egg Decorating Kit. This kit contains complete material for coloring and decorating Easter Eggs and even includes a package of shredded "grass" and a box that easily converts to a colorful Easter basket. The transfer designs, which include Easter bunnies, chicks and a full set of decorative initials, are printed on Ecusta Universal Tissue.

ON THE COVER: Young Samuel Norwood, son of Mr. and Mrs. S. B. "Pete" Norwood of Brevard, seems well pleased with a design on the Easter Egg his mother is holding. Many attractive egg-decorations may be obtained by using Paas transfers. "Pete" is employed in the Power Dept. and Mrs. Norwood is in the Cellophane Technical Section.
