On the left is Ned, age 7, with Marshall, age 14, serving as a prop for little Myrtle Maxine, age 2. Ira is employed in the Refining Room (Paper Division).

Above are Judy Elaine, 10 months, and Clarence Michael, 2 years, the daughter and son of Mr. and Mrs. Clarence W. Israel of Boylston. Their father is employed in the Refining Department.

Congratulations go to Mr. and Mrs. Fred Miller. He and his wife have a new baby boy who weighed around six pounds at birth.

Two of our clan have undergone appendectomies recently. They are Vince Drake and Winifred Gash. Hope that both of you gents will soon be back at work and that you each have a pleasant convalescent period.

and family enjoyed themselves while there.

"Reliable" sources report that Sherman Ducker and friend, Garland Teague, have some good price quotations on a quantity of "Cresses". They are, supposedly, stock-piling them for an upward fluctuation in the market. Any interested customers?

"Pick" complains about his one or two "distinguished-looking" gray hairs.

Cheer up, friend, Bob Pearce can always be relied upon to help with one's income-tax returns if the going becomes too rough. P. S.: (Fellows, please no libel suit just for this).

February was a lucky month in my opinion. That "big" snowfall pepped me up considerable. The kiddies round here have had some pretty tough breaks with respect to the snow situation these last few winters. Here's hoping that March and possibly April will bring them and all of us just a little more of some of the above-mentioned.
