

"D" SHIFT—MACHINE ROOM

By Egerton Fletcher

Hi folks! Here we are back again, with the ups and downs of D Shift. Luther King seems to be holding the ups right now with a new Chevrolet and a 3-pound bugle-mouth bass that he caught at Glenville lake.

Speaking of fishing, the boys on our shift would like to know where Ed Kilpatrick has been catching those large bugle-mouth bass.

If you know of anyone that wants to buy a beef, Bill Shook said to see Robert Head—at your own risk. Watch him boys. He can't tell a muley cow from a long horn steer.

This time of year is a busy time. Some are fishing and some are playing ball. Wilson Gregory has knocked three home runs already.

We are glad to see Everett Little back on the job after his long absence.

We have some new boys on our shift this month. They are Jeff Wilson, Alvoid Foxx and Charles Moss. Welcome to the Machine Room boys. We hope that your stay is long and pleasant.

An adult Sunday School class digressed from the lesson to mourn the ways of the younger generation. One woman said, "It's because of cars. Look how far they can go for a date or a dance nowadays. It wasn't that way in your day, was it, Grandma?"

The 88-year-old lady appealed to spoke up briskly, "We went as fur as we could."—*Elizabeth C. Wherry.*

The young lady above is Joan Bagwell, ten year old daughter of Mr. and Mrs. Lewis Bagwell. Joan's father is employed in the Machine Room.
