CHAIRMAN
NATIONAL ADVISORY COUNCIL

JUNIOR ACHIEVEMENT, INC.

Reproduced above is a Junior Achievement Industry Award won by the Nilo Manufacturing Co. The award was made by JA National Headquarters in recognition of their outstanding record in Junior Achievement Company operation. The Nilo Company, sponsored by Ecusta, is a group of teen-agers in the Asheville JA Organization. They manufacture wooden cutting boards.

Above right: When the date for recharging the Cellophane Office extinguishers comes up, the office personnel empty them on "makebelieve" fires—thus getting practice in extinguisher use. Right: Another recent visitor was Mr. Bill Purdy of the Whitaker Paper Co., New York. He is shown with Messrs. Bob Matthews and Millard Teague.
