

DEPARTMENTAL NEWS

OLIN CELLOPHANE DIVISION

TECHNICAL

By Jack McCall

The past few weeks have been filled with vacations.

Ione Cordell really did some traveling—all the way to Pike's Peak.

Olan Hall and family spent two weeks at Daytona Beach, Florida.

Dick Gustafson vacationed in Valdese and Raleigh.

Others on vacation were Ray Holcombe, Howard Tiger, Marshall Gillespie, Frank Blaylock, David Sams, Robert Arnette, Bill Morgan, Paul Patterson, Bob Andrews, Eddie Bell, George Yehling, and Emery Sheppard.

There have been a few job changes in this section lately—W. G. Austin was advanced to the front office to work in Methods and Standards. Vernon Jones was promoted to Control Engineer. Bob Andrews is now "B" Shift Control Foreman.

Jim Furr is the new Relief Lab Foreman. Luther Fisher is now a Laboratorian. Congratulations men!

We've had a few departures, too: Eddie Bell is leaving August 7th for a four year tour of duty with the Air Force; Bill Hunter left us for a new job; Bob Warren went to "D" Shift; and John Parker has changed to "B" Shift.

Bruce Brown and Dean Brownell went to New York City for a week to attend the Exposition of Basic Material for Industry. (Jean went along to chaperon.)

Bill Nicholson has a special limp he uses on "graveyard" to keep Thad Newman from asking him to play softball.

Earl Fullbright tried the same trick at home. It didn't work as he was seen mowing the lawn anyway.

Paul Schlunz has a sore foot. Does anyone know why?

Maude Norwood says she is through with butter beans for good after working a week with special samples packaged with them.

Ralph Middleton almost has Tommy Payne talked into moving to Hendersonville.

Flattery is having somebody else tell us the nice things we have always thought about ourselves.

The bigger a man's head gets the easier it is to fill his shoes.

Shown above is Pvt. Clifford W. Frady, who is stationed with Battery "D", 518th Field Artillery Bn., 101st Airborne Division, Camp Breckenridge, Kentucky. Clifford is the son of Mr. and Mrs. Earl Frady. His father is employed in the Machine Room of the Ecusta Paper Division and Clifford was formerly employed in the technical section of the Olin Cellophane Division.

"A" SHIFT CASTING

By Robert Miller

It's time to crawl out of the shade and write the Echo news.

It seems that Bob Eason is the only one around now with a fish tale to tell—even if all of his big ones are coming out of Tannery Creek. By the way, if any of you fishermen want to know how to snare a native trout, see James Shook. If he can't catch them, he'll snare them.

Anyone that missed the shooting exhibition at Camp Straus on July 4 missed a wonderful performance.

The vacation season is still in full swing with James Shook taking his family to Florida for a week's fishing. Tom Cooper took his vacation at home. There's no place like home for a restful vacation.

Last but not least, we would like to welcome Gerry Michael McCall, the new son of Mr. and Mrs. J. B. McCall. He arrived on June 2 at Transylvania Community Hospital, tipping the scales at 6 pounds and 12 ounces.

Budget your time carefully; it's one thing you cannot replace.
