

*Left: Bob Rogers in cab of Landscape's crane. Above: Landscape crew going over a work schedule. Left to right: Ed Sentell, Avery Elliott, Chester West, Richmond Powell, James Williams, Olin Edney, Bob Rogers, Wilburn Mullenex, Fred Findley (Landscape Crew Foreman), Louie Raines.*

ulated intervals. These inspections lessen to a remarkable extent the amount of repair work needed over periods of time.

In addition to preventive maintenance and repair work the Section performs considerable new work, modifications and changes involving the available crafts. Total maintenance of the Film Division grounds at Pisgah Forest is included in

its assignments. Other services are rendered to the Film Division upon request.

T. E. Campbell, Section Supervisor, heads up the Buildings, Grounds and Construction Section activities through foremen, with each foreman having his own group of craftsmen and helpers.

R. L. Brown supervises a group furnishing carpenter and some cabinet work services and J. S.

*Left: Thurman King and Carl Baynard stack pallets, made in the Carpenter Shop, which will be used by the shipping department. Above: Joseph ("Uncle Joe") Kornowski uses the jointer while Clarence ("Swivel") Allison runs a short length of board through the planer.*
