### "D" SHIFT COATING

By Nathan Reed

The month of the big feed is here again. Snow has fallen in these hills—hunting season and the big bucks are again the talk of the town.

Fall and its many changes has brought about a change in personnel for D Shift. We are

losing Coy Corn to Polyethylene. We all wish Coy success on his new job, knowing quite well he will make them as good an operator as he did us.

Since last writing Joe Whitmire and Nathan Reed loafed away a week each on vacation. Joe is the proud new father of a son, born October 14. He took his vacation a few days after his arrival and played handyman, taking care of the house for a few days. The new heir is named Gary Stephen.

The Coating team of the Ecusta Handicap Bowling League is tied at present for 2nd place. We look for Captain Joe Whitmire to break this tie and pull Coating on up to first place.

Does anyone know where I can hire a secretary for lunch period? Cheap I mean—I want someone to take down in shorthand everything said at the first table in the Cafeteria for inclusion in a new book I'm planning in competition with Robert Ripley's "Believe it or Not."

"With malice toward none; with charity for all; with firmness in the right, as God gives us to see the right, let us strive on to finish the work we are in; to bind up the nation's wounds, to care for him who shall have borne the battle, and for his widow and his orphan—to do all which may achieve and cherish a just and lasting peace among ourselves and with all nations."

—Abraham Lincoln, Second Inaugural Address, March 4, 1865.

H. Vance Cagle	Cafeteria
Frank F. Fowler	Inspection

### "A" SHIFT FINISHING

By Jim Schreiber

Mr. and Mrs. Charles Zeigler were gifted with a baby boy October 17. His name is Van Blake and he weighs 9 lbs. 9 oz. CONGRATULATIONS!

Well, football season is about over and everybody is starting to talk basketball, but I can say that this was one interesting season. Although I've been on this shift only a few weeks, I found a great rivalry between the supporters of Hendersonville and Brevard. Hendersonville ended up with a better record than Brevard and was rated higher in the schoolboy ratings. Yet there was one big, ugly black spot on their record — Brevard 14 - Hendersonville 7.

Bill Parris took his vacation November 1 with the intentions of getting plenty of hunting done. He forgot about the weather, it was bitter cold, snowed, and the temperature reached an all time low. Better luck next time, Bill.

Speaking of hunting, I guess this shift has gotten its share of it so far. Hunting seems to be the main topic of discussion in the "smoker" these days. Everyone seems to be having pretty good luck too. They say so anyway.

That's about it from this corner of the Film Division so until next time — SO LONG!

### FIFTEEN YEAR CLUB
