## MOMENTS OF INSPIRATION

Psalm - 121: 1-2

"I will lift mine eyes unto the hills, from whence cometh my help. My help cometh from the Lord which made Heaven and earth."

## A - B STUDENTS HAVE GREAT OPPORTUNITY

Sunday, Monday, and Tuesday of next week will be "the step of beginning again" for us. We shall have before us the greatest opportunity ever offered our city and surrounding areas.

Speeches will be made, songs will be sung, and though their exact phrases may be forgotten their meaning will echo through the halls of this school as long as it shall stand. They will depart with graduates and will come with every freshman.

Those days will climax the many hours of hard work, of hope, of disappointment, and even of tears. It will, however, be their reward. "Something sought, something gained" will have been fulfilled - something gained from belief in God and man.

The three servants of the Bible were given pieces of silver by their master in accordance with their ability to take care of them. Shall we take what has been entrusted to us and make more talents or shall we be as the one and bury it for fear of losing? We can't lose if we refuse to lose.

We can't fail with what we have. We can't, that is, if we work together. All of the trustees, presidents, and professors in the world will not be able to make our college permanent. Our help and cooperation is needed as well as the full support of every person connected in any way with our school - be it student, professor, or interested observer.

A beautiful building is worthless unless its occupants are ever striving to make it helpful to mankind. But with a purpose, a height to reach, faith in God to guide us, and the will to follow, we can make it priceless. There is no moderation here.

But no one said they weren't willing to go upward, no one said they were not joining with all to go ever upward. We are ready, we are willing, and most of all we ARE going. By faith in God and in one another we can become more helpful and necessary in our world.

## CLASSICAL COEDS

(Continued from Page 1)

drive. Mrs. Carter explained to the girls some of the rules and regulations pertaining to them.

Mrs. Wishart is faculty advisor for the club.

## INTRODUCING

With Joe and Gus

### HILDA DILLINGHAM

A graduate of Oakley High School and salutatorian of the class of '49, she is a freshman at A-B. An active member of the Beta Club, she had an annual average of 93. Secretarial science is her major and she is planning to finish at W.C.T.C. "Not hard to please," she says, and likes to do everything.

—CC—

### ANNE DE HAVEN

Came to A-B this year for her first year. She finished Lee H. Edwards in '49, and was a scholastic member of the Torchlight Society. Majoring in Science, she wants to go to Wake Forest to get her degree. She plans on making science a career and as far as A-B goes, "It's a great place." Music and novels keep Anne busy most of the time.

—CC—

### JEAN WILSON

Hailing from Hendersonville, N. C., she travels back and forth every morning to school. She is a graduate of H. H. S. of '49. There she was a member of Student Council, and Glee Club. Majoring in secretarial work, Jean plans on working after she finishes Asheville-Biltmore. She likes it here because the people are so friendly and nice.

Introducing a new idea: Why doesn't the school buy or help buy the cheerleaders some sweaters, so the football boys will get theirs back. After all they are working pretty hard for the team and need a little support. Give it a thought!

—CC—

### PATRICIA BOONE

A cute brunette who hails from Woodfin, Park, that is, and a feature writer for the Summit is "Pat" Boone. A graduate of Woodfin High school in '49 and third highest student of her class, she plans to major in medical technology. Swimming and basketball are tops with Pat.

—CC—

### DeLORESE ROBERTS

A "Florida Cracker" who gave up alligators for mountain goats is the charming young lady who drives a long green buick in our parades. Her home is in Palm Beach, Fla. She finished as Salutatorian of her class at Webster High last year. She plans to ex-

tend her education at Rollins College at Winter Park, Florida.

—CC—

### LURENE REDMOND

A foreigner from Arlington, Ga., and a graduate from Arlington high school in '49, Lurene was Valedictorian of her class. She plans to major in Physical Education at the U. of Georgia and some day coach basketball. Other than the Radio club and Glee club, she is interested in men.
