THE BUSINESS CLUB

CITY GOVERNMENT OUTLINED TO A B STUDENTS

The students' assembly program of Thursday, December 10, was a most interesting lesson in city government by outstanding members of the City of Asheville.

The speakers were J. Weldon Weir, City Manager, Carl B. Hyatt, Jr., Director of Public Safety, and Charles Dermid, Director of Public Works.

Weir's comments on the operation of council-manager form of government was detailed and enlightening. He explained how revenue is raised, the property evaluation system used and other points of interest to the students.

Dermid spoke on the operations of the Sanitation Department, Motor, Transport, Parks and Recreation Departments and how they function. The Sanitation Department is advanced to the point that all the person has to do "is put the refuse in their containers." Compared to many other cities, this is an unusual convenience. Hyatt elaborated on the services performed by the Public Safety Department, such as air pollution control, "which is keeping our mountain air clear and fresh," construction rules and regulations to insure at least minimum standards of quality, and safety inspection throughout the city.

"Standards for law enforcement officers are being raised in Asheville," Hyatt said. More benefits offered in these positions will bring a higher caliber of applicants.

Members of the audience asked questions concerning property evaluation, the new causeway, and services to the recently annexed areas. Other questions would have been covered but for the allotted time schedule.

"Happy Holiday"

Our Unabashed Dictionary defines chaperone as an elderly woman who accompanies young women to see that they do not indulge in any of the things she would have indulged in if she hadn't been chaperoned when she was a young woman. **PLAYBOY, Dec. 1959**

CHIVALRY IS NOT DEAD!

Associate Editor Margot Greig, while attending to Crier production, was locked in the tower with the key and was not released until the gallant "Mr. Baker" heard her cries. Margot threw down the keys to her "knight in a trench-coat", who released her from her imprisonment. We think she deserves a Crier Cross Medal for service above and beyond the call of duty.

The Business Club met December 1 at the S & W Cafeteria. President Pat Wilde introduced the guest speaker, Mr. Joseph Clark, Assistant Vice-President of the Wachovia Bank, who gave an inspiring address on "What Business Expects of Young People".

One of the most important things business expects today, Mr. Clark maintained, is the desire to work. Other important assets were: good personality, good manners, neat appearance, adaptability, enthusiasm, and most important of all, the ability to get along with other people.

Other business discussed included plans for the club's Christmas party, which will be held on December 11.

THE RAZZMATAZZ BALL

WHAT IS IT?

It's a get-together of guys and dolls for the purpose of having the blast of the year. The theme is of that great Era of Fun, the Roaring, Rollicking Twenties. The setting will be in "speakeasy" decor, in the Sundial Room of the George Vanderbilt Hotel. The girls wear the flappers and beads and helmet-style hats. The guys, luckily, can wear their regular clothes, 'cause they're already '20's style. (Raccoon coat, if you have one.)

The colored lights will be low, and shiny silver baubles will twinkle on the ceiling. A point of interest will no doubt be the big red bathtub filled with Cokes and ice. The "happy-pappy" music will be authentic pre-depression, and the dancing will be Charleston, Black Bottom, Dream Dancing, and other "23 Skidoo" hops.

To make sure the "Feds" and local yokels don't raid the place, the pass-word will be on your ticket.

We have kept costs at a minimum, and the near-zero ask is only \$1.50 for guys or dolls or \$2.75 a pair.

Of course there will be food...a cookie or two and maybe a pretzel. You must get your tickets before school is out on the 18th, so we can see how to plan the tables. See Jim Daniels, George Jacob, or Oliver Pressley.

Talk to your friends and decide on your attire. Everybody but everybody in the Dynamic Club of America will be on hand (or head) for this "once-in-a-lifetime" affair.

REMEMBER: On top of the George Vanderbilt Hotel, in the Sundial Room, December 29, 8:00PM. till... (well, you won't be late for classes on January 4 of 1960!) Adv.

The College will close Saturday at 12 Noon to resume the morning of January 4th. This allows students and faculty fifteen consecutive days of rest or time to prepare for the finals in January.

The Christmas Dance is Friday night, December 18. This is expected to be one of the outstanding events of the year.

Grady Nichols and his orchestra will furnish the music for the semi-formal event beneath the sparkling lights of the Christmas tree. The Student Government has extended an invitation to all A-B students and their guests.

BULLDOGS HOLD 3-3 RECORD

By Boyce Ford

The Asheville-Biltmore Bulldogs will go into the Christmas Holidays supporting a 3-3 record in Western Carolinas Junior College Conference play.

The Bulldogs are led by Norman Youngblood, who has bucketed 150 points in seven games. John Laughter is second high scorer with 129 points in seven games.

Coach Red Stevens said that the Bulldogs had been stressing offense in drills recently and added that the team was rapidly improving.

"Our biggest problem against every team in the conference is lack of height," Stevens continued. "We have to play the best of our ability in every game to win."

Starters on the A-B team include forwards Everett Young and Larry Baker or Raleigh Buchanan, center Laughter, and guards Youngblood and Phil McKinney.

Following the Christmas vacation, the Bulldogs will travel to Brevard Jan. 9 to clash with the Brevard Tornadoes and on Jan. 12 they will journey to Mars Hill to meet Coach Harrell Wood's Mars Hill Lions.

The Interim Council, State Student Legislature's purpose is to arrange the time, place and rules of procedure for the annual meeting of all junior and senior colleges of North Carolina with the Governor, Luther Hodges. The ICSSL met Sunday, December 13, 1959, at 2:30 PM in Gerrard Hall at Chapel Hill.

The election of State Student Legislature (SSL) officers took place. Those elected were: President, Bill Carlton, NCS, Vice-President, Charles Johnson, High Point College, Secretary-Treasurer, Linda Wey, NCS.

January 10 is the date set for the next meeting. A possibility of three dates were set in order to meet with Governor Hodges. This meeting will run for a period of three days. Seventeen of the original fifty-six colleges are participating in this meeting.

Asheville-Biltmore College was the only Western North Carolina college to participate. The college was represented by Jerry Burnette, Alvin Carter, Gary Gibson and Student Government President George Jacob, who said, "This was a most enlightening meeting and I feel sure that we will receive much benefit from meetings of this type."

Big people talk about ideals,
Average people talk about things,
Little people talk about other people.
