

## Denise Diamond Honored At Awards Day Program

Senior Psychology Major Denise Diamond, this year's Social Commissioner of the Student Government Association, has been named recipient of the 1967 A. C. Reynolds Founder Award as the outstanding student citizen.

The presentation came at the first annual Awards Day at A-B, with Dean Joseph M. Parsons presenting the medal. Last year's winner was 1965-66 SGA president Eddie Harris.

Miss Diamond was captain of the cheerleaders this year and last year was president of K-ettes. She was also one of the more active students working on this year's successful homecoming last February.

A native of Coral Gables, Fla., she was a 1964 graduate of Lee H. Edwards High School and is the daughter of Mr. and Mrs. Alfred L. Diamond of 22 Jarnaul Ave., Asheville.

In other honors announced at the all-college assembly held a week ago:

SGA President Jim Day and SGA Vice President Sam Shipman received Senior SGA Plaques from Dean Thomas C. Dula. Day officially passed over the gavel as top student executive to SGA President-elect Guy Batsel.

John Julius Jacobs received the Wallace Hanaman Memorial Award for the outstanding senior math major.

Intramural trophies went to The Killers, captained by Larry and Ken Earwood, and Kappa Delta Tau Sorority, captained by Miss Terri Rozzell, as the outstanding men's and women's teams.

Miss Rozzell and Bob Templeton received trophies as the

MISS DIAMOND

top coed and male participants in the intramural program.

Jim McElhaney received the K-ettes Athletic Scholarship Award and Circle K again announced its Most Valuable Basketball Player Award, formally presented at the end of basketball season to Batsel.

Certificates in Who's Who in American Colleges and Universities were presented to Day, Miss Diamond, Summit Editor Lenda Edwards Sprague, Cheryl Lynn Flagg, Sandra Lou Ledbetter, Mrs. Sally Bartoo Martin, Leigh Bennett Stevens and Kathleen Ann Wojtowski.

Varsity tennis letters were presented by Coach Bob Hartman to Don Ross, Haroon Shadman, Bob Miller, Batsel and Allan Mayes. Coach Bob Doughton gave golf letters to Francis Arnette, McElhaney, David Ehle, Larry Gordon and Bill Kemp.

## Is There Typical Senior?

Odds are, the "typical" member of the Class of 1967 is a woman who was born in Asheville, graduated from Lee H. Edwards High School and majored at Asheville-Biltmore in history.

But over half of the candidates for Bachelor of Arts degrees Saturday night don't meet these qualifications.

A profile of the Class of 1967 shows 28 women and 26 men are members with 20 of them natives of Asheville, two more natives of Buncombe County, seven others born in Western North Carolina and five more born elsewhere in the state to make a total of 34 Tar Heel natives.

Of the remainder, three were born in Florida, two each in New York, Illinois and Pennsylvania and one each in Mississippi, Alabama, South Carolina, Massachusetts, Wisconsin, Indiana, Michigan, Tennessee and Texas. One was born in Iran and one in Greece.

The high school record shows 15 graduated from Lee H. Edwards High School, five from Charles D. Owen, four from Enka and North Buncombe, and one each from St. Genevieve's, Erwin, Reynolds, Roberson, Biltmore, West Buncombe and Sand Hill.

Other North Carolina high schools contributing one graduate to A-B's Class of 1967 included Hendersonville, East Henderson, Franklin, Pleasant Gardens, Goldsboro, East Spencer and Washington.

Other states represented were New York - three, Florida - two and Wisconsin, Indiana, Ohio and Virginia, one each, along

with one from Iran and one from Greece.

History was the leading major (last year it was mathematics). Twelve candidates chose the history major, compared to 11 in psychology, seven in economics, six in math, five each in literature and chemistry, four in government, two in physics, and one each in art and French.

## Three WNC Girls Receive McClure Scholarships To A-B

A trio of girl graduates from Western North Carolina high schools will attend Asheville-Biltmore College this fall on freshman scholarships awarded by the James G. K. McClure Educational and Development Fund.

The scholarships go to Sandra Gayle Dillingham of Barnardsville, Fern Hope Young of Asheville and Judy Cordelia Roberts of Marshall Rt. 7.

Miss Roberts is a 1967 graduate of Marshall High School and

a native of Madison County. She plans to complete education courses in addition to the regular curriculum at the state-supported senior liberal arts college in order to receive teacher certification upon graduation.

Miss Young, a native of Detroit, is a 1967 graduate of Lee H. Edwards High School.

Miss Dillingham, a native of Barnardsville, was graduated this year from North Buncombe High School.

## Pros, Cons Of Draft Eyed By Press

(ACP) -- President Johnson recently canceled plans for this fall's college deferment tests in a move preliminary to a decision on whether to continue student deferments. The following editorial from the STATE PRESS, Arizona State University, Tempe, looks at the pros and cons of the current and proposed draft systems.

To university students, the most important of the far-reaching reforms proposed by the President's special Commission on the Selective Service is the discontinuation of under-graduate deferments. Thus, students would receive the same draft consideration as factory workers, file clerks, and ditch diggers. Not surprisingly, this recommendation has not been met with universal glee.

According to Joe College, a student is trying to better himself and make an invaluable contribution to his country as one of its intellectual leaders. The poor wretch who is either too stupid or too poor to make it too col-

lege is the logical draft choice, says Joe.

Perhaps Joe is right, but he might get an argument from Poor Wretch. But avoid for the moment any value judgment concerning who is the more logical draft choice and look at the proposals objectively.

The question of student deferments is not black and white. Both the present system and the proposed reforms have advantages. It is necessary, therefore, to construct something of a balance sheet.

On the credit side of the present system is the protection

from the draft, at least temporarily, of hundreds of students who sincerely seek a higher education and have the ability to make the most of it. The military can offer them nothing, and they can offer the military little except a healthy serving of resentment at the imposition.

Since being a student will not in itself offer any favorable consideration from the draft board, the draft dodger will find no advantage in expending the minimum effort required to get through school and thus will not burden the university with his presence.

## COMMENCEMENT

FROM PAGE ONE-- Clara June Hensley of Weaverville, math.

Gerald Cooper Kell of Asheville, psychology; Stavroula Eriketta Kostaki of Salonika, Greece, and Asheville, math; Theresa Marjorie Lemieux of Swannanoa, chemistry; James Thomas Lindley of Kokomo, Ind., economics; Joan Lois Brier Lockhart of Asheville and Staten Island, N. Y., history; James Hugh MacNeill of Asheville, economics; Tommy Cleveland Meadows of Asheville and Franklin, economics.

Alden D. Miles of Asheville, psychology; Louis Gordon Miles of Asheville, economics; Bobby Wayne Moore of Candler, chemistry; Charlene Marie Morgan of Weaverville, literature; Evelyn B. Pittman of Marion, literature; Bettie Gruver Pritchard of Asheville, art; Donald L. Rayburn of Swannanoa, physics; Connie Sue Remington of Asheville, chemistry.

David Thomas Rickards of Arden, chemistry; Florence Nordlie Robinson of Zirconia and Naples, Fla., government; Nell Wilson Robinson of Asheville Rt. 4, chemistry; Mary Catherine Rogers of Black Mountain, psychology.

Roger Dean Robinson of Asheville, chemistry; Albert William Rolston of Asheville, history; Samuel R. Shipman of Hendersonville, government; Helen Stone Stanley of Asheville, literature; John Harold Summey of Hendersonville, history; Mary Candler Swayngim of Candler, history; Aundria McGuire Taylor of Pisgah Forest and Asheville, history, and James Ralph Teague of Asheville, physics.

## SUMMER

FROM PAGE ONE-- V (The Modern World), Introduction to the English Language, Principles of Mathematics and Modern Algebra.
