COLLEGE WEEKLY HOROSCOPE

By Linda C. Black

Aries (March 21-April 19) Your buddies want to tell you what to do on Monday, and you'd be wise to listen. It's your Mom, or some Mom-like person, who's giving the orders on Tuesday. Your social life could be seriously curtailed then and on Wednesday, as a consequence. Thursday looks like fun, but don't talk too much. Don't swagger, either.

Taurus (April 20-May 20) The money's flowing your way on Monday, so divert some into your pockets. If neighbors or relatives ask your advice on Tuesday, tell them to proceed with caution. Finish up a delicate task on Wednesday and you'll have more room to play at home on Thursday.

Gemini (May 21-June 21) You're feeling chatty on Monday, but keep your lips zipped. Something you say in jest could come back to haunt you on Tuesday. You could get a glimpse of your perfect job on Wednesday. If you already have it, rake in the cash and compliments on Thursday.

Cancer (June 22-July 22) You can find the best deals on Monday by following a thrifty friend. On Tuesday you're the one in front, but watch out. Something that seems too fabulous is fake. Talk in private with a loved one on Wednesday, and get back into alignment. There's a slight disagreement on Thursday about how to spend the money, but the two or three of you can work it out.

Leo (July 23-Aug. 22) Your friends are into a good thing Monday. Instead of telling them what to do, listen. It's a little bird on your own shoulder that gives you the best advice on Tuesday. You'll have to be in a quiet place to hear that little voice. It's trying to tell you something on Wednesday, too, so schedule some meditation time. You may find the answer you've been seeking for ages, almost by accident. That's part of the reason why you're so strong on Thursday.

Virgo (Aug. 23-Sept. 22) You're likely to be nervous on Monday and feel like you're under a microscope. Just try to ignore that huge eyeball looking at you from above. The snoop should have gone on to other microbes by Tuesday. Hide out with friends and talk over recent developments Wednesday. You'll have to make a decision around Thursday.

Libra (Sept. 23-Oct. 23) Travel and long-distance phone calls should be productive on Monday. A new idea from a loved one can help you avoid running up big expenses Tuesday and Wednesday. All that nagging may prove useful after all! Toss in your influence with a powerful team on Thursday.

Scorpio (Oct. 24-Nov. 21) Follow the money trail Monday, and you'll find out who's in the best position to pull strings. That's the job you want! A foreign friend can help you get a little closer to it Tuesday and Wednesday. Be respectful to an authority figure on Thursday, but don't tell everything, of course.

Sagittarius (Nov. 22-Dec. 21) Concede a minor point on Monday, and you may win the bigger battle. Money's the issue Tuesday and Wednesday. Take care, or you could lose more than you planned. Don't fall for the old okey doke. You just want to get out of town Thursday, and with planning, you might make it.

Capricorn (Dec. 22-Jan. 19) You're swamped on Monday, and it's the job you like the least. Don't light a match to that mountain of paperwork, there might be something in there you need. You may have to say no to a loved one's unreasonable request on Tuesday. Think about it together Wednesday. By Thursday you may have an idea that better satisfies both of you.

Aquarius (Jan. 20-Feb. 18) Don't give away a secret on Monday. Developments at work on Tuesday could lend a whole different flavor to the proceedings. Just do your job on Wednesday, and you'll advance more than you realize. A fascinating relationship includes a sharp difference of opinion on Thursday, but that doesn't mean you can't be friends.

Pisces (Feb. 19-March 20) Take care of a family matter first on Monday, so you can get distracted later if you want to. Don't fall for a fanciful dream on Tuesday, you're likely to get a nasty bruise on your ego. It's not that you're foolish, it's just that you want something that's not quite real yet. Rest and relax as much as possible on Wednesday. Your intuition should be working well then, especially in a quiet and beautiful setting. Classical music is optional. There's little time for that on Thursday.

If You're Having a Birthday This Week ... Nov. 13: The money you invest this year could make your future warm and snugly. Don't just toss your money away. Learn to do it right. Nov. 14: Set long-range goals, and you can make them happen. Don't expect to finish the whole thing this year, however.
