

NEW GOLDEN VOICED COMPACT with the PENTODE TUBE

Super-heterodyne
\$69.50
COMPLETE
with tubes

Think of it! Genuine Atwater Kent in beautiful matched but walnut at such a price!

ATWATER KENT RADIO

ATWATER KENT'S first perfected use of the new high-amplification Pentode tube, combined with the Super-heterodyne circuit, gives you big performance in a small radio—small only in size and price. An amazing achievement—from the maker who never offers the public a new radio until it's right. We recommend this Golden Voiced Compact 100 per cent. By all means see and hear it.

EIGHTEEN TO GRADUATE

(Continued from ninth page)

Pres. '31; Monogram Club; Basketball manager, '30.

Determination, ability, fearlessness and friendship toward all, these are the characteristics which should make Jack an ideal professor.

CARL E. WILSON
"Carl"

Newtonian Literary Society; Farm Relief Committee.

"Still water runs deep;" these words may be very aptly applied to Carl; he is quiet and of serious mind, but always finds time for any sort of fun.

JAMES WENTZ
"Jimmie"

Platonic Literary Society, Sec. '31; Monogram Club; Dramatic Club; Football '30; Basketball '30-'31; Baseball '31; Student Council '31.

"Jimmie" is the prince of good fellows; he is a certain cure for the blues; and everybody is his friend.

A few years experience, well seasoned; a love for humanity, well founded; a congenial temperament, well guarded; a good sized case of religion, well tested; a call from God, well recognized; all stirred together and mixed with a good sized cup of common sense and set to mellow in a good library of practical books. This we guarantee to polish any preacher to suit the most religious taste.

—for Your Special Delight!

Here's the magic that changes luscious oranges into a wonderfully refreshing drink—

First, the juice of oranges, picked in the winter time, when oranges are at their best. Next, the delicate flavor of their peel. Added to this, the zestful tang of the fruit acid found in oranges, lemons and limes—a pure food color—healthful carbonated water—pure cane sugar.

Ask for Orange-Crush by name and accept it only in the Krinkly Bottle.

Orange-Crush is bottled in patented "Krinkly" bottles—every bottle carefully sterilized—under exclusive license and direction of the Orange-Crush Company, Chicago.
