

FOOTBALL SEASON

Twenty-nine young men accepted an invitation to come here on Monday, September 16, for one week of early training in preparation for a 10 game schedule. There is also a "B" team schedule of five games. The varsity schedule has two freshmen games and eight Junior College games. Five of these games are to be played on our campus. The "B" team will have three prep school games at home and two, probable three games away.

Daily routine of early practice is as follows:

- 7:30 Breakfast
- 9:15 Study of plays - blackboard drill
- 10:45 On field for body conditioning - specialties.
- 12:30 Lunch
- 2:15 Study of rules - discussion
- 3:30 On field - fundamentals - scrimmage
- 6:30 Supper
- 9:45 Bed.

The boys have entered into this program with much enthusiasm. The work is hard but it is gratifying to see their spirit. Certainly that kind of spirit will gain reward.

We have only a small number of our last year's squad with us. Many new faces will be wearing the blue and white this year and if my guess is right we will be proud of their work. At this time it is impossible to give names of a starting lineup. Right now we are trying to place men where they will be most valuable according to their abilities. All seem to be determined to play. If this determination continues we are sure to have a fighting team that really wants to win.

Our line will weigh a little more than the one of last year, but probably not as experienced.

The backfield is a big problem. It will be light and fast but with new men and less experienced. Due to

the loss of several old men it has become necessary to make shifts such as making over guards and ends into blocking backs.

We should like to see our fans give some credit to the blockers as well as the man with the ball. Without ten good blockers to clear the way a ball carrier would be helpless. The average fan sees only the ball. Remember some one is clearing the way.

We should like for our students to know what they may expect of the football team that represents their college:

1. The team will be made up of bona-fide students passing their work.
2. The team will be good hosts to all visiting teams and their followers while on our campus.
3. They will refrain from that which may hurt the reputation of

Brevard College.

4. They will practice good sportsmanship at all times.

5. They will look to you for encouragement.

6. They will fight! They will fight!

What may they expect of you?

Fun and Folly

Tommy—Mother, let me go to the zoo to see the monkeys.

Mother—Why, Tommy, what an idea! Imagine wanting to go to see the monkeys when the college professors are coming.

Prof. Dendy—What is an oyster?

Student—An oyster is a fish built like a nut.

Freshman—We sure have a fine landlady. She saved me the most tender part of the chicken when I was late for dinner yesterday.

Soph.—What part was that?

Freshman—The gravy.

Ralph—My ancestors came over in the Mayflower.

An N. Y. A. girl—It's lucky they did. The immigration laws are stricter now.

Miss Smith—I have went—that is wrong, isn't it?

Student—Yes ma'am.

Miss Smith—Why is it wrong?

Student—Because you ain't went yet.
