

Tornado Quint Downs All-Stars, but Loses to Enka

Rosman Defeated 34 to 24

The Brevard Tornado got away to a flying start on the night of January 14 by defeating a scrappy, but doomed to die, group of Rosman All-Stars by a score of 34-24; while in the second game the Brevard second, third, and fourth teams won over Rosman High 35-27.

The Tornadoes started the game in a fashion indicated by their name and were leading at the end of the first quarter 14-4, but the final whistle stopped a rally by the All-Stars which the Brevard team seemed unable to check.

Audrey, freshman center, showed up in great form by scoring 17 points and by his work under the basket. Patton, Davis, and Wright, stellar players of last year's squad, showed up well. Rogers, another freshman, played a nice floor game. Still there is plenty of room for improvement by all.

The second game of the night between the Brevard second, third, and fourth teams and the Rosman High proved to be a very good game. Rosman made a great number of their points from foul shots, while Brevard scored mostly on field goals, made by their fast-moving forwards.

A friend, calling upon Helen Dillard, sympathized with the latter's restricted life and in departing said, -"Remember stone walls do not a prison make, nor iron bars a cage." Helen: "Well, they've got me hypnotized then."

Enka Won 33-28

The Brevard Tornado varsity was downed by American Enka by the score of 33-28 Wednesday night on the Sand Hill High School court. In the preliminary fray the Brevard "B" team won a decisive victory from the Enka "B" team 44-29.

The Varsity tied the score several times during the game but were unable to get ahead of the strong Enka team. The end of the game saw the Brevard basketballers within six points of victory but still plugging away at the hoop.

Gudger, of Enka, was high scorer in the Varsity game with 13 points and played the biggest part in Enka's victory. Whiteside and Rogers were high scorers for Brevard with 7 points each.

The Brevard "B" team took the lead at the first of their game and increased the lead as the game went on. Eldridge scored 17 points to become high scorer of the night. The Brevard team showed a decided improvement over their other games.

Basketball Rules

We wonder why referee would let only a certain number of boys get in that little free throw lane the other night in the Tornado-Rosman game. We also wonder why instead of tossing the ball up at center after a foul shot the referee let the opposite team have the ball out of bounds under their goal. We wonder if the referee just didn't know what he was doing or whether we don't know the latest rules of the game.

To enjoy any athletic game we must know most of the technical points; so why don't we read the sport page in our newspapers, or better still, why not borrow a rule book and see why they do certain things. Now let all become well-informed on the subject before the next game here, so we will know what is happening and so that we may get all there is to be gotten out of it.

Library Has New Books

Recently a well known set of books in twelve volumes entitled "The Golden Bough" by Sir James Frazer, which is a study of religion and magic was added to the library.

Shortly before last quarter ended the latest edition of the "Encyclopedia Britanica" which is in twenty-four volumes was purchased for the library.

At present the library staff is subscribing for thirty-seven of the nation's outstanding magazines.

Since the opening of the school last year, the library staff and students have been writing to living authors asking them for copies of their books or books from their libraries. Many volumes have and continue to be received by this method.

Policeman: "Ignorance doesn't excuse any body."

Game Tomorrow

Tomorrow at three-thirty the Tornado basketballers will meet Blue Ridge School for Boys on their court in the Tornado's third game of the season.

Approximately fifteen men will make the trip. The starting lineup will likely be Davis, Audrey, Wright, Patton, and Rogers. The team has two games scheduled for next week. They will play here on Thursday night.

Mrs. Milner Speaks

was ask to write a poem and failed because of lack of confidence in himself.

Mrs. Milner said that we could rid ourselves of fears and harmful emotions by increasing our environment, either by reading, traveling, or experiences with other people. She closed her talk by saying that we should keep the "ego" where it belongs.
