COLLEGE OPENS WITH LARGE ENROLLMENT

Faculty, Veterans Meet, Room And **Board Compromise**

In a recent meeting of Dr. Coltrane, Dean Stevenson, Mr. Smith, and a representative group of veterans, it was decided that veterans may have three choices as to where they will room and board. This new policy was begun in an effort on the part of the college to eliminate the dissatisfaction which some of the veterans showed when they were given no choice except to eat in the school cafeteria.

The original plan was for all men to live on the campus and eat in the school cafeteria at a cost of \$157.50 per semester. This figure covered the semester's rent and an \$8.25 meal ticket each week, and is the same amount nonveterans pay for room and board.

The modified plan provides that any veteran who wishes to eat off campus but to have a room in one of the dormitories may do so by paying \$35.00 per semester room rent The veterans who met with the college officials agreed that the higher rental was equitable, and it will serve as compensation to the college for the extra overhead incurred by withdrawals.

There is also a new system whereby veterans who wish to live off campus may have that privilege and be treated as regular day students.

A new system was devised this year for paying for meals. All students who eat in the school cafeteria, both veterans and non-veterans, pay for what they get rather than a set price for every meal. This makes it possible for the average person to spend only \$140 a semester for food, and only those -Turn To Page Six

Four New Courses Now Offered Here

Four new subjects have been added to the college curriculum this semester, according to Mrs. Coltrane, acting registrar.

Those subjects now being offered to Brevard students include: Office Machines, which teaches the use of the dictaphone, calculating, adding, and tabulating machines; Vocal Methods; Study Methods, a course on how to study; Hymnology; and U. S. Government, which includes the old course of state government.

Students have shown considerable interest in the new subjects, as evidenced by the large enrollment in each class.

. have been made by students and faculty regarding the fact that some students sit and even rest their feet on the dining tables in the cafeteria while wait ing in line for meals.

Those guilty may be interested to know that it reflects not only on their character, but also on their family and their parents. Certainly, no one thinks more of them

for it.

This condition should be improved immediately in respect of other students and for the sake of the few students who have been guilty tions or problems presented to the

College Officials At WNC Conference Of The Methodist Church

Dr. E. J. Coltrane, president of the college, and Mr. Ray F Swink, director of religion, left Monday for High Point to attend the annual meeting of the Western North Carolina Conference of the Methodist church. Dean Stevenson left the college later in the week to make the principal address at the Emory University dinner held during the conference. He returned here Wednesday night while Dr. Coltrane and Mr. Swink remained until the end of the meeting.

The Western North Carolina Conference meets once each year to discuss church work in the area and to appoint ministers. Mr. Swink is a regular member of the Conference as is Mr. C. Edward Roy, who is on a leave of absence from the college.

Bookstore Painted, New Merchandise

Under the management of Bill Huntley, the College Bookstore had its face lifted this summer with a new coat of green paint and an attractive show case. With the help of David Duncan, Lou Hamrick and Jane Setser, Bill hopes to make other improvements in the near future, starting with the replacement of broken mail box glasses and locks.

A number of new items have

been added to the stock, including food items and notions selected for their value as aids to school spirit. Most of us have met "Varsity Vic" on the campus by this time.
