

Girls' Intramural Tournament Nears End; 3 Games Remain

Under the direction of Miss Morgan, the girls physical education program has been progressing at a hot pace for the past several weeks.

The first of the games played three weeks ago was a battle between the college girls and the Brevard high school lassies. High scorer for the campus girls was Bev. Schaede, who hit the basket for 9 points. She was closely followed by Betty Lou Starnes and Betty Anders who bucketed 8 points each, but these were not enough to merit a win for the college team; the final score was 42-33. Edna Masters won the high scoring laurels for the winners

with a total of 19 points, followed by Doris Ferguson with 12.

The next Saturday night the two teams met again; this time the situation was reversed, and the college team came out on the winning end of a 42-23 score, with Margaret Cogburn sinking 13 points. The high school girls were led by Ferguson, who hit the net for 12 points.

During the intra-class play, several of the games have been forfeited due to the lack of players. The first of this series was a scheduled game between the teams captained by Higgins and Hamrick, the latter team forfeiting the game. After this a game was played between Billings' team and Elmore's girls. The game ended in a 33-33 deadlock, with Euva Sentelle making 15 points for Billings and Elmore racking up 12 for her team. The tie was to have been played off on March 8, but Elmore's team was short of players, and Billings won by a 2-0 forfeit. On the same night, Ray's team forfeited to Mann's lassies.

Pine Whispers

Sara, we are all curious to know what charm you used to drag Glenn out in the open.

Harold Thomas, who was that cute girl you escorted to the movie the other night?

Ebby, what is it, or who is it, that you find so interesting in Charlotte on week ends? Delapp seems to have discovered something down there, too!

Boys, the girls want to know why you don't ever go over to West to dance anymore?

From all appearances, Maxine and Buddy are becoming a steady twosome—not to mention Lena and Bob, who can be seen together most anytime.

Asheville can be lots of fun over week ends, can't it, Pat? Specially if that certain guy comes over. And if you don't believe it can be fun, just ask Jane and Sissy!!

Doris sho' is getting around lately—Riggins in the afternoon and Bonner York at night. Well, more power to you, but watch that front porch!!!

What is it that has been going on between Jewel and Frank for the last few weeks.

Congratulations to the "Show Boat" cast. It was a swell performance—enjoyed by all.

Say, Audrey, have you heard that

Pertelote Goes

—FROM PAGE ONE—
will be placed on sale, but it is expected to be about May 20. No definite price has been set for the publication either, editor Martin stated.

Charlie Freeman, business manager, had very little to say concerning the new issue. No clues were given as to the color, cover design, or new features of this year's Pertelote.

Editor Martin's comments were concise and to the point. He did say, however, that the Pertelote will be "different" this year.

Other questions brought a flat, "No comment."

song, "Don't Watch That Stranger, But Keep Your Eyes on Your Best Friend"?

Colie really looked surprised at his birthday party Friday night. How old were you, Colie, sixteen or seventeen?

Watch out, James. With that new car you'll have all the girls chasing you.

From here, it looks like Barbara Henderson has been eyeing a certain red-head from South Carolina.

Watch this column in the next issue when the March wind will have died down to a mere breeze and will stir whispers while sweeping through the tops of the green pines.
