### Dance, Reunions Highlight Events Of Homecoming

On the autumn-scented campus of Brevard College, October 11, 1958, the echoes of Homecoming resounded. Alumni, visitors, faculty, and students took part in the annual Homecoming festivities.

Various organizations put up attractive displays to welcome the alumni to the campus. These displays were judged, and a prize of twenty dollars was awarded the winner, the Baptist Student Union. The theme of their display was "Choosing Between Good and Evil." Effectively arranged in the display was a church, a college, and a world.

### "Elixir Of Love" To Begin Fall Lyceum Series On October 22nd

On October 22, the National Grass Roots Opera company will present "The Elixir of Love", the first lyceum program of the current school year. The program will be held in the Campus Center Auditorium at 8:15 p. m., and attendance is required of all college students.

The opera, written by Donizetti, an Italian, is a comedy with a simple plot and is performed in English. The characters are Nemorino, a young peasant; Adina, a wealthy village girl; Belcore, a sergeant; Gianetta, a peasant girl; and Dulcamara, an itinerant quack doctor. The action takes place in an Italian village during the nineteenth century.

The story revolves around Nemorino's unrequited love for Adina.

His chief competition is a conceited sergeant named Belcore. Nemorino, in an attempt to win the love of Adina, purchases a "love potion", called elixir, from a so-called doctor; but, in reality, the potion is nothing but wine. Nevertheless, it has the desired effect, and soon Nemorino becomes the cheerful, indifferent type, thoroughly confusing Adina, who cannot understand the sudden change in his attitude toward her. For spite, she eventually agrees to marry Belcore but keeps putting off the wedding. The story is made more interesting when the word gets out that Nemorino has inherited a large amount of money from his uncle and, of course, has become the "prize catch" of the town.
