Contract Is Awarded For Construction

A contract for the Science building was awarded to the Jerry Liner Construction Company of Lake Junaluska on October 1.

Nine months is the estimated time required for building, allowing six weeks to two months to equip the building. It should be completed and ready for use by the opening of the academic year 1961-62.

The topographical survey of the athletic field has been completed and a contract has been awarded to the F. C. Feise Company to grade the field and furnish the three tennis courts, the track and the runways.

The surface to be put on the track and runway is uniform and durable in all weather. It is the same that is used at Yale University, University of Florida, and University of Hawaii.

Men's House Council Has New Advisor

The Men's House Council for this year consists of eleven members. This is slightly under the number serving last year. Jim Neill, president, says that students are to be commended for their conduct and that if the present order continues, no new members will be needed.

Mr. Ray Fisher, taking Mr. Butterworth's position in an advisory capacity to the House Council, is said to be doing an excellent job.

The House Council has elected a new vice-president, Bob Gladen, to fill the vacancy left by Bob Cole who did not return to school this fall.

DIANNE NESBITT, of Black Mountain, will reign over the Homecoming activities at Brevard College this weekend. She is shown making plans with members of her court, Anna Williamson, of Dublin, Georgia, left, the sophomore attendant, and Jan Bailey, right, freshman attendant, of Fishkill, New York. Annual Dance Is Highlight

The Brevard College Alumni Association will sponsor the annual Homecoming week-end, October 8-9. The festive fall week-end, which sees many former students return to the campus, will begin with registration on Saturday at ten o'clock. Following this, alumni and faculty meetings are planned. These meetings will include a discussion of the college's building program and development plans.

Plans for the afternoon include a coffee to be held in the Faculty Lounge at 3:30, giving the alumni an opportunity to meet the new faculty members. The dormitories will hold open house for students and alumni from 3:30 until 5:00.

The Homecoming Dance, sponsored by the Student Government Association, will be held Saturday night at eight o'clock in the Sims Campus Center Building. The dance will revolve around the theme, "Harvest Moon." The Mark VI Combo from Western Carolina College will furnish the music.

Miss Dianne Nesbitt, of Black Mountain, will reign as the 1960 Homecoming Queen. Her attendants will be Miss Anna Williamson, sophomore, from Dublin, Georgia, and Miss Jan Bailey, freshman, of Fishkill, New York. Miss Betty Neale, of Charlotte, 1959 Homecoming Queen, will be present to crown Miss Nesbitt.

Kappa Chi Holds Annual Retreat At Lake Junaluska

Holder Attends Two Seminars

Mrs. Elizabeth Holder, Librarian, will be attending the Buildings' Institute to discuss college library buildings at Western Carolina College, Cullowhee, North Carolina, Wednesday, October 12. This meeting, sponsored by the Southeastern Library Association, will feature plans, blue prints, and slides of proposed library buildings in the Southeast.

Mrs. Holder is in charge of exhibits which will be shown in connection with the institute.

Mr. Henry McDonald, teacher-architect who has designed our newer campus buildings, is to attend also. He and Mrs. Holder are looking forward to a new Library building here on campus in the near future.

Following the meeting at Cullowhee, Mrs. Holder will attend the Southeastern Library Association meeting in Asheville, October 13-15. The Southeastern Library Association meets every two years.

The Kappa Chi, an organization of the religion majors on campus, held its annual fall retreat Saturday, September 24, 1960, at Lake Junaluska. The group of 25 boarded the big blue bus at 2:00 in good spirits and headed for their destination.

Arriving at the summer home of President and Mrs. McLarty, the group quickly dispersed to explore the grounds. They visited many of the buildings there and then headed back for the hot dogs and all the trimmings.

Chaplain Roy, advisor for the group, explained the purposes of the organization and gave a brief history of the organization. The members and future members discussed what they could do this year as an organization to contribute to the campus life. Many ideas were brought up and discussed, but no definite decisions were made.

The group, as a whole, adjourned to the church located on the lake and partook of holy communion administered by President McLarty.

It was a tired, happy, and deeply inspired group that reloaded that big blue bus for Brevard.

Suggested School Song Composed By Wallace, Cousins

Mr. Alan Wallace of the Public Relations Department and Mr. M. Thomas Cousins of the Music Department have respectively written the words and music for a song suggested to be Brevard College's new Alma Mater. Below are the words: Guarded well by mountains, Enshrined in every heart, Our beloved Alma Mater True and fair thou art.

Brevard, Brevard
To the friendships that we cherish,
To the memories that cling,
To Brevard our Alma Mater let us sing.
Let the mountains that surround us
Ring with voices gay and strong,
And the valleys fill with echoes of our song.
Through the years thy children
Hold in reverence deep
Thy ideals, may we always
Our allegiance keep.
Lead us ever forward,
Strong and faithfully,
May thy sons and daughters
Live to honor thee.
