Shakespearian Play To Be Presented Here March 1st

Brevard College will present Players Incorporated in "The Merchant of Venice" by William Shakespeare in the Campus Center Auditorium on March 1st, at 8:15 p.m.

This season marks an even dozen years in which Players Incorporated has been leading the field of touring theatrical repertory. Working out of Washington, D. C., this company has become the longest running classical repertory company in the United States in the twentieth century.

In 11 seasons Players has given over sixteen hundred performances of Shakespeare's "Much Ado About Nothing," "King Lear," "Macbeth," "Twelfth Night," "Love's Labour's Lost," "Othello," "Julius Caesar," "Henry IV" (Part I), "Romeo and Juliet," "The Comedy of Errors," as well as the major works of Shaw, Moliere, and Sophocles.

Not only has Players "caught on" in this country, but they have made seven trips abroad in behalf of the Department of Defense, playing to U. S. Forces in France, Italy, Western Germany, Austria, Korea, Japan and the Arctic Circle.

Requests for reservations for the Brevard College performance should be addressed to Business Office, Brevard College, Brevard.
