Saturday night, the old gymnasium will see its last varsity ballgame. During the years the gym has been the sight of thrilling victories and heart-breaking defeats.

On December 1, 1938, an appeal to the residents of Transylvania County was made through the *Transylvania Times* by President E. J. Coltrane. As a result of this appeal, sufficient funds were raised and construction was started.

Student labor was used for the most part, and the students even designed the building. The foundation was carefully laid out and built. This is evidenced by the fact that from 1938, when it was laid until the present time, it has not settled in spite of the fact that the ground on which it was built is very poor for construction.

After the gymnasium was constructed, it was used not only for ball games but for many social activities at the college.

The gym is the only per-
