- *Kitty Whitworth — University of North Carolina — Math and Physics
- *Jimmy Wilson — Clemson — Textiles Management
- *Marilyn Wilson — Marriage and Rollins in Florida — Elementary Education
- *Betsy Wren — Undecided

Dr. Julian L. Culbertson, who retired last June as Chairman of the department of chemistry at Washington State University, Pullman, Washington, has served as acting head of the Brevard College chemistry department this year while Miss Bobbie Jean Nicholson continued her doctoral work at Vanderbilt University.

He and Mrs. Culbertson will return to the state of Washington next month to begin his "active" retirement. The Culbertsons expect to settle somewhere in the Puget Sound area.

Harvin to Columbia

Because of the extended illness of his father, which necessitates a return to Columbia, South Carolina to look after family business affairs, Mr. Frank M. Harvin has resigned from the Brevard College faculty, effective this June.

Mr. Harvin was appointed to the faculty in 1955. He taught European and American History and U. S. Government.

In addition to his teaching duties, Mr. Harvin was active with the student members of the Episcopal Church. He helped organize the Canterbury Association at Brevard College in 1955, which was the first to be organized in the Diocese of Western North Carolina.

He served on the Vestry of St. Philips church of Brevard from 1957 to 1960.

Miles to Boston

Mr. Louis Miles will attend Boston University this summer to complete work for an S. T. M. (Church History) degree. He received his S. T. B. degree from that university in 1957. His alma mater for the B. A. degree in 1954 was Berea College, Berea, Kentucky.

In the graduate school of Boston University from 1958 through 1960, Mr. Miles studied Church History and English. He considers it his good fortune to have had courses in Creative Writing under the poet Robert Lowell and novelist Gerald Warner Brace.

At Brevard College for the past two years Mr. Miles has taught History, Religion and Creative Writing. This year he has been in charge of the Wednesday morning assemblies. Also, he has been active in the program at the Brevard Methodist Church as teacher of a course in the Composition of the Bible.

Brevard Socialites

By BRENDA BRITT

OH SOB, sob, sob-sob-sob. This is the last issue of our dear old CLARION for this school term. This columnist has enjoyed being on the staff and sending odds and ends of gossip and extra-social news your way.

★ ★ ★

BEST WISHES to Betty Henline who said "I didn't know what to say", when Oscar Smith gave her a sparkling engagement ring last Monday evening. Betty and Oscar plan to be married in a year and a half. Congratulations to both of you.

★ ★ ★

A SHOWER for bride-to-be Marilyn Wilson was given in the basement of Jones Hall by Mary Bryson and the "basement girls". She received many gifts to help her start her new home. Marilyn will marry Guy Hughes in June. They will make their home in Orlando, Florida, where Guy is now employed.

A PICNIC given by Coach and Mrs. Martin will be held at Camp Deerwood tomorrow in honor of all the athletic participants. There are forty-eight, including

the cheerleaders, who have participated in Brevard College sports events. They have been invited to bring a date for swimming, dancing, canoeing, and fun. Mrs. Martin will make potato salad and cook hamburgers. Mrs. Martin says, "I hope they will all be able to come and bring their dates. I know it will be a lot of fun".

To the coach and the team, you have done a great job this year in all sports. No matter what the sport — you've been tops.

SAD? Yes, in a way, and happy, too. Sad — because for some of us sophomores, it will be the last time we will ever be together. Happy — because we all have achieved another semester of school, whether freshmen or sophomores. Part of it is behind us now. As you pack, don't forget your Mickey Mouse cap and membership card. Seriously, it has been a good year, rain and all. We on the staff, and I personally, hope you find happiness in everything you do.
