Brevard's Long Awaited Natatorium Finally Completed

Local Citizens Launch Financial Drive For College

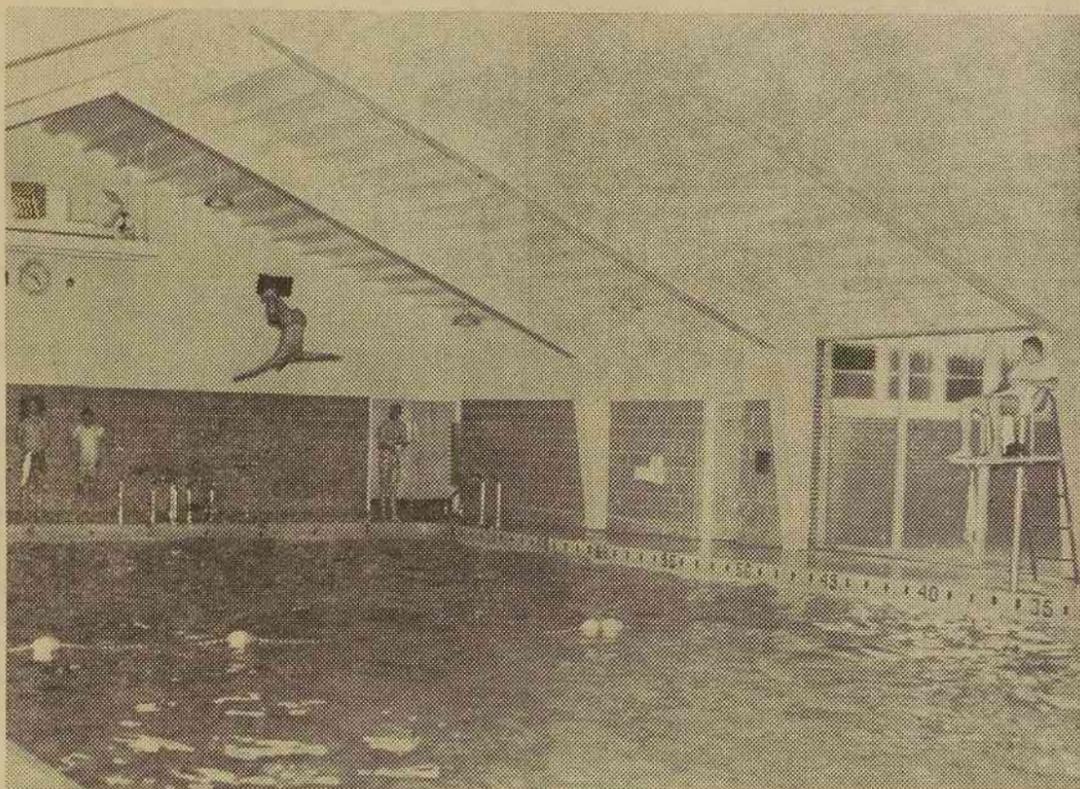

The Brevard Chamber of Commerce through its Education committee is stimulating a local financial drive for the next development phase at Brevard College.

An outstanding committee of local citizens is busily engaged plotting the course to be pursued, and the college is co-operating in every way possible to make the drive a success. W. H. Keith is the general chairman, and other members of his committee are Gil Coan, who is in charge of local solicitation, Don Blankinship, who heads the speaker's bureau supplying speakers for clubs, churches, etc., and John I. Anderson, in charge of publicity. Also serving on the general committee are Arthur Loeb, Paul Owenby, Jr. and Ralph Ramsey, Jr.

The purpose of the drive is to secure funds to help with the next phase of the development program at the college. This phase covers a period of 3 years, and those who make pledges will make them to be paid over a period of 3 years.

The first 18 months will support the building of a new administration building and the remodeling of the present student center to become the music building. The present cafeteria will be expanded to serve 50 percent more students.

The cost of these 2 projects will be \$200,000.00. The new — Turn to Page Four

IT'S UP and then "whee" and you're off the board and in the pool for a delightful swim. Brevard stu-

dents and members of the community have been using the natatorium since it's opening on January 4.

Pool Opened On January 4

The students of Brevard College were pleasantly surprised when they returned to school from the Christmas holidays. The natatorium, which has been under construction since early last year, was opened for students' use on January 4.

When the natatorium neared completion, the builders found that the length of the pool was three quarters of an inch short. One end of the pool had to be chipped off to correct this error. After this unexpected delay, the construction was finally completed.

The natatorium is 25 yards long and 12½ yards wide. The six lanes are each six feet wide. The shallow end of the pool is three and a half feet deep. This slopes down to ten feet under the two diving boards.

The pool is open Monday through Friday from 3:00 to 5:00 and on Saturday from 1:00 to 4:00. During these hours Mr. Tauscher or a member of his life-guard staff will be on duty. The pool is also open to the public of Brevard for 35
